BEFORE THE COLORADO MEDICAL BOARD
STATE OF COLORADO
Case No. 2024-1444-A

ORDER OF SUSPENSION PURSUANT TO SECTION 12-240-125(8)(a), C.R.S.

IN THE MATTER OF THE LICENSE TO PRACTICE MEDICINE AS A PHYSICIAN IN THE STATE OF COLORADO OF BRIAN FREDERICK GREER, MD, LICENSE NUMBER DR.0071671,

Respondent.

TO: BRIAN FREDERICK GREER, MD:

THIS MATTER was reviewed by Inquiry Panel A ("Panel") of the Colorado Medical Board ("Board") during a regularly scheduled meeting of the Panel on September 10, 2026. The Panel finds that after reviewing all available information in relation to the above-captioned case:

1. Respondent was licensed to practice medicine in the state of Colorado on July 27, 2023, and was issued license number DR.0071671 to practice medicine in the state of Colorado.

2. Between 2024 and 2026, the Board has reviewed on multiple dates all matters set forth in case number 2024-1444-A. Specifically, on all dates, including on September 10, 2026, the Board reviewed materials indicating that Respondent has a mental or physical health condition that could potentially impair his ability to practice medicine.

3. On or about October 14, 2024, the Board issued its Order pursuant to Section 12-240-125(8)(a), C.R.S. ("Order") requiring Respondent to submit to a mental or physical examination by the Colorado Physician Health Program ("CPHP"). The Panel referred Respondent's case to CPHP to include in the examination of Respondent.

4. The Order to CPHP, among other requirements, required Respondent to contact CPHP, execute all releases to allow unrestricted communication between CPHP and the Panel, appear for all appointments with CPHP, provide any information requested by CPHP, schedule timely appointments as requested or recommended by CPHP, schedule and attend an initial intake appointment with CPHP, otherwise cooperate fully with CPHP, and to continue to cooperate fully with CPHP and to comply with any and all requests or recommendations CPHP deems appropriate to facilitate any and all examinations necessary to determine if Respondent is unable to practice medicine with reasonable skill and safety to patients because of a condition described in sections 12-240-121(1)(e) or (i), C.R.S., or section 12-30-108(1), C.R.S.

5. As part of its ongoing evaluation, on November 10, 2024, Respondent signed a Non-Practice Agreement with CPHP. The Non-Practice Agreement remains in effect and has not been rescinded.

6. On or about November 14, 2024, the Panel received notice that CPHP recommended Respondent undergo an extended evaluation.

7. CPHP also opined on or about November 14, 2024, that Respondent is not safe to practice from a medical and psychiatric perspective.

8. As of September 7, 2026, Respondent still has not obtained or underwent an extended evaluation.

9. On September 10, 2026, the Panel reviewed all matters set forth in case number 2024-1444-A.

10. Pursuant to the Order to CPHP and section 12-240-125(8)(a), C.R.S., Respondent's failure to comply with the requirements of the Order to CPHP constitutes grounds for suspension. Because Respondent has failed to comply with CPHP's recommendations for an extended evaluation, Respondent has failed to comply fully with the requirements of the Order to CPHP, dated October 14, 2024.

11. Pursuant to section 12-240-125(8)(a), C.R.S., the Panel is authorized to suspend Respondent's license to practice medicine in the state of Colorado until the required examinations are conducted.

THEREFORE, IT IS ORDERED THAT:

A. Respondent's license to practice medicine in this state is hereby suspended in accordance with section 12-240-125(8)(a), C.R.S., **effective at 4:00 p.m., September 16, 2026**; and

B. The suspension shall remain in effect until such time as Respondent demonstrates intent to comply with the Panel's Order to CPHP. Specifically, Respondent must comply with CPHP's recommendation for an extended evaluation, including any referrals for third-party evaluation.

C. The suspension shall not be terminated until the Panel has reviewed, at the next regularly scheduled meeting after submission, documentation demonstrating Respondent's compliance with this Suspension Order, including completion of a CPHP extended evaluation, as well as CPHP's conclusion that Respondent is safe to practice medicine with reasonable skill and safety.

ORDERED this 15th day of September 2026.
