23

24

25

2. On or about April 4, 1973, the Medical Board of California (Board) issued Physician's and Surgeon's Certificate No. G 24238 to Yaroslav Kushnir, M.D. (Respondent).

2 within three (3) calendar days after being so notified. The Respondent shall not
3 resume the practice of medicine until enrollment or participation in the outstanding
4 portions of the clinical competence assessment program have been completed. If the
5 Respondent did not successfully complete the clinical competence assessment
6 program, the Respondent shall not resume the practice of medicine until a final
7 decision has been rendered on the accusation and/or a petition to revoke probation.
8 The cessation of practice shall not apply to the reduction of the probationary time
9 period.

6 Within 60 days after Respondent has successfully completed the clinical
7 competence assessment program, Respondent shall participate in a professional
8 enhancement program approved in advance by the Board or its designee, which shall
9 include quarterly chart review, semi-annual practice assessment, and semi-annual
10 review of professional growth and education. Respondent shall participate in the
11 professional enhancement program at Respondent's expense during the term of
12 probation, or until the Board or its designee determines that further participation is no
13 longer necessary.

11 9. Respondent's probation is subject to revocation because he failed to enroll in a
12 clinical competence assessment program within 60 calendar days of the effective date of the
13 Decision, and because he failed to successfully complete a clinical competence assessment
14 program, in violation of Probation Condition No. 5 referenced above. The facts and
15 circumstances regarding this violation are as follows:

16 10. On or about February 24, 2021, Respondent participated in an intake interview with
17 his probation monitor. During that interview, Respondent was instructed to enroll in a clinical
18 competence assessment program by May 3, 2021.

19 11. On or about March 1, 2021, Respondent's probation monitor mailed him an intake

24 enroll in a clinical competence assessment program by May 3, 2021.

25 13. On or about May 20, 2021, the Board issued a CPO against Respondent for his failure
26 to enroll in a clinical competence assessment program within 60 days of the effective date of the
27 Decision.

28 ///

1 14. On or about June 2, 2021, Respondent successfully enrolled in a clinical competence
2 assessment program through the UCSD PACE Program.

3 15. On or about June 4, 2021, the Board terminated the CPO that was issued on or about
4 May 20, 2021.

5 16. Respondent participated in the UCSD PACE Program on or about November 16,
6 2021, November 18, 2021, and December 3, 2021. Upon completion of the intensive testing and
7 evaluation by the PACE Program, Respondent's performance was found to be "unsatisfactory."
8 The program rated Respondent's overall performance as, "FAIL – Category 4," signifying a poor
9 performance that is not compatible with overall physician competency and safe practice.

10 **SECOND CAUSE TO REVOKE PROBATION**

11 **(Failure to Submit Practice Monitor for Approval)**

12 17. At all times after the effective date of the Decision and Order in Case No. 800-2017-
13 034874, Probation Condition No. 6 stated:

14 **MONITORING - PRACTICE.** Within 30 calendar days of the effective date of
15 this Decision, Respondent shall submit to the Board or its designee for prior approval
16 as a practice monitor, the name and qualifications of one or more licensed physicians
17 and surgeons whose licenses are valid and in good standing, and who are preferably
18 American Board of Medical Specialties (ABMS) certified. A monitor shall have no
19 prior or current business or personal relationship with Respondent, or other
20 relationship that could reasonably be expected to compromise the ability of the
21 monitor to render fair and unbiased reports to the Board, including but not limited to
22 any form of bartering, shall be in Respondent's field of practice, and must agree to
23 serve as Respondent's monitor. Respondent shall pay all monitoring costs.

24 The Board or its designee shall provide the approved monitor with copies of the
25 Decision(s) and Accusation(s), and a proposed monitoring plan. Within 15 calendar
26 days of receipt of the Decision(s), Accusation(s), and proposed monitoring plan, the
27 monitor shall submit a signed statement that the monitor has read the Decision(s) and
28 Accusation(s), fully understands the role of a monitor, and agrees or disagrees with
the proposed monitoring plan. If the monitor disagrees with the proposed monitoring
plan, the monitor shall submit a revised monitoring plan with the signed statement for
approval by the Board or its designee.

Within 60 calendar days of the effective date of this Decision, and continuing
throughout probation, Respondent's practice shall be monitored by the approved
monitor. Respondent shall make all records available for immediate inspection and
copying on the premises by the monitor at all times during business hours and shall
retain the records for the entire term of probation.

If Respondent fails to obtain approval of a monitor within 60 calendar days of
the effective date of this Decision, Respondent shall receive a notification from the
Board or its designee to cease the practice of medicine within three (3) calendar days

1 after being so notified. Respondent shall cease the practice of medicine until a
2 monitor is approved to provide monitoring responsibility.

3 The monitor shall submit a quarterly written report to the Board or its designee
4 which includes an evaluation of Respondent's performance, indicating whether
5 Respondent's practices are within the standards of practice of medicine, and whether
6 Respondent is practicing medicine safely. It shall be the sole responsibility of
7 Respondent to ensure that the monitor submits the quarterly written reports to the
8 Board or its designee within 10 calendar days after the end of the preceding quarter.

9 If the monitor resigns or is no longer available, Respondent shall, within 5
10 calendar days of such resignation or unavailability, submit to the Board or its
11 designee, for prior approval, the name and qualifications of a replacement monitor
12 who will be assuming that responsibility within 15 calendar days. If Respondent fails
13 to obtain approval of a replacement monitor within 60 calendar days of the
14 resignation or unavailability of the monitor, Respondent shall receive a notification
15 from the Board or its designee to cease the practice of medicine within three (3)
16 calendar days after being so notified. Respondent shall cease the practice of medicine
17 until a replacement monitor is approved and assumes monitoring responsibility.

18 In lieu of a monitor, Respondent may participate in a professional enhancement
19 program approved in advance by the Board or its designee that includes, at minimum,
20 quarterly chart review, semi-annual practice assessment, and semi-annual review of
21 professional growth and education. Respondent shall participate in the professional
22 enhancement program at Respondent's expense during the term of probation.

23 18. Respondent's probation is subject to revocation because he failed to submit a practice
24 monitor for approval within 30 calendar days of the effective date of the Decision, in violation of
25 Probation Condition No. 6 referenced above. The facts and circumstances regarding this
26 violation are as follows:

27 19. On or about February 24, 2021, Respondent participated in an intake interview with
28 his probation monitor. During that interview, Respondent was instructed to submit for prior
approval by April 3, 2021, the name of a qualified practice monitor, or in lieu of a monitor, to
participate in a professional enhancement program (PEP).

20. On or about March 1, 2021, Respondent's probation monitor mailed him an intake
follow-up letter that reminded him that he was instructed to submit for prior approval by April 3,
2021, the name of a qualified practice monitor, or in lieu of a monitor, to participate in a PEP.

21. On or about April 30, 2021, Respondent's probation monitor mailed him a letter
informing him that he was in non-compliance with Condition No. 6 of his probation for failing to
submit a practice monitor nomination by April 3, 2021.

22. On or about May 7, 2021, Respondent successfully enrolled in a PEP program.

18 probation unit office, with or without prior notice throughout the term of probation.

19 13. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
20 its designee in writing within 15 calendar days of any periods of non-practice lasting more than
21 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
22 defined as any period of time Respondent is not practicing medicine as defined in Business and
23 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
24 patient care, clinical activity or teaching, or other activity as approved by the Board. If
25 Respondent resides in California and is considered to be in non-practice, Respondent shall
26 comply with all terms and conditions of probation. All time spent in an intensive training
27 program which has been approved by the Board or its designee shall not be considered non-
28 practice and does not relieve Respondent from complying with all the terms and conditions of

1 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
2 on probation with the medical licensing authority of that state or jurisdiction shall not be
3 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
4 period of non-practice.

5 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
6 months, Respondent shall successfully complete the Federation of State Medical Boards's Special
7 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
8 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model
9 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

10 Respondent's period of non-practice while on probation shall not exceed two (2) years.

11 Periods of non-practice will not apply to the reduction of the probationary term.

12 Periods of non-practice for a Respondent residing outside of California will relieve
13 Respondent of the responsibility to comply with the probationary terms and conditions with the
14 exception of this condition and the following terms and conditions of probation: Obey All Laws;
15 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
16 Controlled Substances; and Biological Fluid Testing..

17 14. COMPLETION OF PROBATION. Respondent shall comply with all financial
18 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
19 completion of probation. Upon successful completion of probation, Respondent's certificate shall
20 be fully restored.

21 15. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
22 of probation is a violation of probation. If Respondent violates probation in any respect, the
23 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
24 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,
25 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have
26 continuing jurisdiction until the matter is final, and the period of probation shall be extended until
27 the matter is final.

28 ///

1 16. LICENSE SURRENDER. Following the effective date of this Decision, if
2 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
3 the terms and conditions of probation, Respondent may request to surrender his or her license.
4 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
5 determining whether or not to grant the request, or to take any other action deemed appropriate
6 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
7 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
8 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
9 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
10 application shall be treated as a petition for reinstatement of a revoked certificate.

11 17. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
12 with probation monitoring each and every year of probation, as designated by the Board, which
13 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
14 California and delivered to the Board or its designee no later than January 31 of each calendar
15 year.

1 FIRST CAUSE FOR DISCIPLINE

2 (Gross Negligence)

3 8. Respondent has subjected his Physician's and Surgeon's Certificate No. G 24238 to
4 disciplinary action under sections 2227 and 2234, as defined by section 2234, subdivision (b), of
5 the Code, in that he was grossly negligent in his care and treatment of Patient A,¹ as more
6 particularly alleged hereinafter:

7 9. Between in and around 2004, through in and around 2017, Respondent worked as a
8 psychiatrist at Alvarado Parkway Institute (API). Throughout that time, API received numerous
9 complaints from staff and patients regarding Respondent's disruptive behavior and/or sexually
10 inappropriate comments.

11 10. On or about February 1, 2017, Patient A, a then twenty-one year old female patient
12 was brought to API by her father, seeking emergency psychiatric admission due to her increased
13 suicidal ideation and psychiatric behavior. Patient A had a psychiatric history that included
14 diagnoses of bipolar disorder, occupational defiant disorder, and mood disorder, as well as
15 multiple prior hospitalizations and contacts with law enforcement. During her initial evaluation,
16 Patient A was noted to be floridly psychotic, responding to internal stimuli, making bizarre
17 movements, and rambling incoherently. Patient A admitted to using methamphetamines the day
18 prior, and her urine drug screen was positive for methamphetamine and benzodiazepines. Patient
19 A was admitted to API on a voluntary basis under the psychiatric care of Respondent. On that
20 same date, Respondent evaluated the patient and diagnosed her with schizoaffective disorder,
21 bipolar type, and stimulant dependence (methamphetamine).

22 11. Between on or about February 1, 2017, through on or about May 10, 2017,
23 Respondent evaluated Patient A several times each week. Throughout that time period,
24 Respondent's notes in the patient's chart are short, repetitive, and difficult to read, consist of
25 mostly checked boxes on a preexisting form, and contain no discussion regarding the patient's
26 progress or reference to her treatment plan.

27 _____
28 ¹ To protect the privacy of the patient involved, the patient's name has not been included
in this pleading. Respondent is aware of the identity of the patient referred to herein.

1 12. On or about February 2, 2017, Respondent evaluated Patient A and determined her to
2 be loud, disruptive, and with no insight. The patient informed Respondent that she wanted to go
3 home. Respondent then restarted the patient on her prior medications, which included but was
4 not limited to Cogentin,² trazadone,³ Zyprexa,⁴ Lamictal,⁵ Haldol,⁶ and Clozaril.⁷ Respondent
5 and Patient A both signed a "Patient Consent to Receive Psychotropic Medications" form on that
6 date for these medications, but Respondent did not include any documentation in the patient's
7 chart regarding her capacity to give consent for these medications.

8 13. On or about February 3, 2017, Respondent evaluated Patient A and determined her to
9 be loud, psychotic, and with no insight. The patient again informed Respondent that she wanted
10 to go home.

11 14. On or about February 7, 2017, after K.C., M.S.W. (K.C.) informed Respondent that
12 another patient at API wanted to remain under his care after discharge, Respondent stated, "that's
13 what happens when you sleep with your patients."

14 15. On or about February 7, 2017, after A.M., R.N. (A.M.) asked Respondent if he wanted
15 to update K.C. on another patient she was covering for P.P., M.S.W. (P.P.), Respondent replied,
16

17 ² Cogentin (brand name for benztropine) is used to treat symptoms of Parkinson's disease
18 or involuntary movements due to the side effects of certain psychiatric drugs (antipsychotics such
19 as chlorpromazine/haloperidol). Benztropine belongs to a class of medication called
20 anticholinergics, and is a dangerous drug pursuant to Business and Professions Code section
21 4022.

22 ³ Trazodone is an antidepressant that belongs to a group of drugs called selective serotonin
23 reuptake inhibitors. It is used to treat depression, and is a dangerous drug pursuant to Business
24 and Professions Code section 4022.

25 ⁴ Zyprexa (brand name for olanzapine) is an antipsychotic medication used to treat
26 schizophrenia and the symptoms of mood disorders such as bipolar disorder, and is a dangerous
27 drug pursuant to Business and Professions Code section 4022.

28 ⁵ Lamictal (brand name for lamotrigine) is an anticonvulsant medication used to delay
mood episodes in adults with bipolar disorder, and is a dangerous drug pursuant to Business and
Professions Code section 4022.

⁶ Haldol (brand name for haloperidol) is an antipsychotic medicine used to treat
schizophrenia, and is a dangerous drug pursuant to Business and Professions Code section 4022.

⁷ Clozaril (brand name for clozapine) is an antipsychotic medicine used to treat
schizophrenia, and is a dangerous drug pursuant to Business and Professions Code section 4022.

1 "No, [P.P.] is like my wife and [K.C.] is like my mistress. There are certain things that wives do
2 and certain things that mistresses do. My mistress doesn't need to know this."

3 16. On or about February 8, 2017, Respondent evaluated Patient A and determined her to
4 be child-like, with poor judgement, and having no insight. On that same date, Respondent
5 referred the patient for an LPS Conservatorship.⁸

6 17. On or about February 9, 2017, Respondent evaluated Patient A and determined her to
7 be hyper, labile, and with no attention span. Respondent then prescribed the patient Adderall⁹
8 10 mg because she was highly agitated and hyperactive. Respondent and Patient A both signed a
9 "Patient Consent to Receive Psychotropic Medications" form on that date for this medication, but
10 Respondent did not include any documentation in the patient's chart regarding her capacity to
11 give consent for this medication.

12 18. On or about February 12, 2017, Patient A submitted a formal request for a change of
13 physician.

14 19. On or about February 13, 2017, Respondent evaluated Patient A and determined her
15 to be labile, hyperactive, with no insight, and preoccupied with discharge home.

16 20. On or about February 14, 2017, Respondent evaluated Patient A and determined her
17 to be gravely disabled, and unable to plan for food, clothing, or shelter for herself.

18 21. On or about February 17, 2017, Respondent evaluated Patient A and determined her
19 to be loud and labile with no insight. On that date, Respondent increased the patient's Adderall
20 prescription to 20 mg.

21 22. On or about February 24, 2017, Respondent evaluated Patient A and determined her
22 to have no insight. Patient A demanded to be discharged and requested another doctor.

23
24 ⁸ The Mental Health Conservatorship is part of the Lanterman-Petris-Short (LPS) Act
25 1967. An LPS Conservatorship is the legal term used in California that gives one adult (the
26 conservator) the responsibility for overseeing the comprehensive medical (mental) treatment for
an adult (conservatee) who has a serious mental illness. Guidelines for the involuntary mental
health treatment are under the California Welfare and Institutions Codes 5200.

27 ⁹ Adderall (brand name for dextroamphetamine and amphetamine) is a Schedule II
28 controlled substance pursuant to Health and Safety Code section 11055, subdivision (d), and a
dangerous drug pursuant to Business and Professions Code section 4022. It is an amphetamine
salts used for attention-deficit hyperactivity disorder and narcolepsy.

1 23. On or about February 26, 2017, Patient A informed Respondent again that she wanted
2 another doctor.

3 24. On or about March 1, 2017, Respondent evaluated Patient A and determined her be
4 labile and agitated. On that date, Respondent decreased the patient's Adderall to 10 mg.

5 25. On or about March 4, 2017, Respondent evaluated Patient A and determined her be
6 loud, hyper, labile, and with no insight. On that date, Respondent discontinued the patient's
7 Adderall prescription.

8 26. On or about March 7, 2017, Respondent evaluated Patient A and determined her be
9 loud, with no insight, and preoccupied with discharge. Patient A informed Respondent again that
10 she wanted another doctor.

11 27. On or about March 11, 2017, Patient A submitted another formal request for a change
12 of physician.

13 28. On or about March 13, 2017, Patient A submitted to a psychological evaluation and
14 testing at API, which revealed a finding of severe intellectual impairment.

15 29. On or about March 13, 2017, Respondent attended a meeting with API executive staff
16 regarding complaints they had received about his inappropriate comments towards staff. During
17 this meeting, Respondent did not deny telling a staff member one week earlier that he thinks API
18 should not hire women with children.

19 30. Sometime between on or about February 1, 2017, and on or about March 16, 2017,
20 Respondent asked Patient A for a hug at the conclusion of his evaluation. After doing so,
21 Respondent then turned to a female employee, F.Z., and asked her to turn around so he and
22 Patient A could "make out." Patient A was visibly uncomfortable by the comment and left the
23 room. Later that day, Respondent patted his knee and told F.Z. to come sit on his lap.

24 31. On or about March 28, 2017, Respondent agreed to a corrective action plan with API
25 executive staff.

26 32. On or about May 9, 2017, Patient A reported to her assigned social worker that she
27 was no longer comfortable with receiving treatment from Respondent and claimed he had made
28 multiple inappropriate comments and gestures towards her.

1 33. On or about May 10, 2017, Patient A refused to be seen by Respondent and submitted
2 another formal request for a change of physician.

3 34. On or about May 11, 2017, Patient A began to receive psychiatric care and treatment
4 from another physician at API until she was discharged on or about June 7, 2017.

5 35. Between in and around October 2016, and in and around May 2017, on multiple
6 occasions, Respondent intentionally poured his own urine down the elevator shaft at API.

7 36. On or about July 7, 2017, Respondent resigned from API.

8 37. Respondent committed gross negligence in his care and treatment of Patient A, which
9 included, but was not limited to, the following:

10 (A) Engaging in sexually inappropriate comments and behavior towards the patient;

11 (B) Prescribing amphetamine to a patient who was floridly psychotic from
12 methamphetamine use;

13 (C) Writing illegible, chaotic, and incomplete chart notes for the patient; and

14 (D) Obtaining informed consent for psychotropic medications from a patient who
15 lacked capacity to give informed consent.

16 **SECOND CAUSE FOR DISCIPLINE**
