DEPARTMENT OF HEALTH,

PETITIONER,

v.

CASE NUMBER 2017-00145

SALEH M. PARVEZ, M.D.,

RESPONDENT.

ADMINISTRATIVE COMPLAINT

Petitioner Department of Health hereby files this Administrative Complaint before the Board of Medicine against Respondent Saleh M. Parvez, M.D., and alleges:

1. Petitioner is the state agency charged with regulating the practice of medicine pursuant to Section 20.43, Florida Statutes; Chapter 456, Florida Statutes; and Chapter 458, Florida Statutes.

2. At all times material to this Complaint, Respondent was a licensed physician within the State of Florida, having been issued license number ME 116301.

3. Respondent's address of record is 13605 Lake Cawood Drive, Windermere, Florida 34786.

4. On or about December 7, 2016, Patient A.Q., a 30-year-old female, was admitted to University Behavioral Center ("UBC") while suffering from acute psychotic symptoms and was placed under Respondent's care. Patient A.Q. remained under Respondent's care at UBC for approximately eleven days.

5. On the day of Patient A.Q.'s admission, Respondent began treating Patient A.Q. with lithium. Respondent continued treating Patient A.Q. with lithium until December 17, 2016.

6. Patient A.Q. had previously been prescribed Lisinopril (an ACE inhibitor) and hydrochlorothiazide (a thiazide diuretic) for hypertension. Respondent continued treating Patient A.Q. with hydrochlorothiazide until December 16, 2016. Respondent continued treating Patient A.Q. with Lisinopril for the duration of her stay at UBC.

7. During the course of Patient A.Q.'s confinement at UBC, her condition worsened, and she experienced incontinence and increasing levels of confusion. After falling in the shower on December 18, 2016, Patient A.Q. was transferred to Florida Hospital for medical treatment, where it was

determined that Patient A.Q. was experiencing lithium toxicity. As a result of the lithium toxicity, Patient A.Q. suffered kidney failure, which required dialysis treatment.

8. At all times material to this complaint, the standard of care required Respondent to have done one or more of the following:

- a. Be aware of potential drug interactions with lithium and to prescribe an alternative antipsychotic drug to a patient taking both a thiazide diuretic and an ACE inhibitor, as each of these drugs has a known interaction with lithium which presents a risk of lithium toxicity;
- b. Adequately monitor Patient A.Q. for signs of lithium toxicity; and/or
- c. Immediately discontinue treatment with lithium if Patient A.Q. began experiencing symptoms of lithium toxicity.

9. Section 458.331(1)(t), Florida Statutes (2016), provides that committing medical malpractice as defined in Section 456.50, Florida Statutes, constitutes grounds for disciplinary action by the Board of Medicine. The Board shall give great weight to the provisions of Section 766.102, Florida Statutes, when enforcing Section 458.331(1)(t), Florida Statutes.

Medical Malpractice is defined in Section 456.50, Florida Statutes, as the failure to practice medicine in accordance with the level of care, skill, and treatment recognized in general law related to health care licensure. Section 766.102, Florida Statutes, provides that the prevailing professional standard of care for a given health care provider shall be that level of care, skill, and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by reasonably prudent similar health care providers.

10. Respondent failed to practice medicine with that level of care, skill and treatment which, in light of all relevant surrounding circumstances, is recognized as acceptable and appropriate by reasonably prudent similar health care providers in violation of Section 458.331(1)(t), Florida Statutes (2016), in the care and treatment of Patient A.Q. in one or more of the following ways:

- a. By administering lithium to Patient A.Q. while she was taking both a thiazide diuretic and an ACE inhibitor;
- b. By failing to adequately monitor Patient A.Q. for signs of lithium toxicity; and/or

c. By continuing to administer lithium to Patient A.Q. once she began experiencing symptoms of lithium toxicity.

11. Based on the foregoing, Respondent has violated Section 458.331(1)(t), Florida Statutes (2016), by committing medical malpractice.

WHEREFORE, the Petitioner respectfully requests that the Board of Medicine enter an order imposing one or more of the following penalties: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, issuance of a reprimand, placement of the Respondent on probation, corrective action, refund of fees billed or collected, remedial education and/or any other relief that the Board deems appropriate.
