# **Doctor Arrested On Drug Charges**

September 26, 2009

Dr. Paul John Hartmann, a psychiatrist practicing in South Lakeland, was arrested in Tampa on Friday on seven charges of possession of a controlled substance, two charges of possession of a drug without a prescription and a charge of driving under the influence.

Hartmann, 60, a board-certified psychiatrist with subspecialty certification in child and adolescent psychiatry, has a Tampa address on his Hillsborough County arrest record. But he is listed with the state Department of Health, and in the phone book, as practicing at 6700 S. Florida Ave. in Lakeland. His DOH record shows a clear license without a record of discipline.

Hartmann was released on \$15,500 bail.
