CONSENT ORDER

The Department of Financial and Professional Regulation, Division of Professional Regulation, of the State of Illinois, by Vladimir Lozovski, one of its attorneys, (hereinafter the "Department") and Regina Y. Leverrier, M.D., (hereinafter the "Respondent"), agree to the following:

STIPULATIONS

Regina Y. Leverrier, is licensed as a Physician and Surgeon in the State of Illinois, holding Illinois Physician and Surgeon License No. 036-146208, which is currently in active status. At all times material to the matter(s) set forth in this Consent Order, the Department of Financial and Professional Regulation, Division of Professional Regulation, of the State of Illinois had jurisdiction over the subject matter and parties herein.

On January 20, 2026, Colorado Medical Board issued its Order whereby Respondent's Colorado Medical License was placed on Probation for five (5) years with multiple terms and conditions for excessive and habitual use of controlled substances. See DPR Exhibit A, attached hereto and made a part of this Consent Order. The allegation(s) as set forth herein, if proven to be true, would constitute grounds for suspending, revoking or other discipline of Respondent's license as a Physician and Surgeon, on the authority 225 Illinois Compiled Statutes, Paragraph 60/22(A) (12).

Subsequently, the Department reached out to Respondent and engaged in negotiations for an amicable resolution of this matter. For purposes of this Consent Order, Respondent acknowledges that should this matter proceed to a contested hearing, the Illinois State Medical Board (the "Board") could find a violation of the Medical Practice Act. In the event that this Consent Order is not approved by the Board or is not approved by the Director of the Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation ("Director"), this acknowledgement shall not be admissible in any proceeding and the matter will be set for an evidentiary hearing on the merits as if this Consent Order had not been submitted.

Respondent has been advised of the right to contest any charges brought, and the right to administrative review of this Consent Order. Respondent knowingly waives each of these rights, as well as the right to administrative review of this Consent Order. Such waiver ceases if this Consent Order is rejected by either the Illinois State Medical Board or the Director. Furthermore, Respondent acknowledges that she has freely and willfully entered into this Consent Order without any threat or coercion by any person. Respondent has not relied upon any representation by or on behalf of the Department other than those set forth herein.

Respondent and the Department have agreed, in order to resolve this matter, that Respondent, Regina Y. Leverrier, M.D., be permitted to enter into a Consent Order with the Department, providing for the imposition of measures which are fair and equitable under the circumstances and which are consistent with the best interests of the people of the State of Illinois.

CONDITIONS

WHEREFORE, the Department, through Vladimir Lozovski, its attorney, and Regina Y. Leverrier, M.D., Respondent, agree:

A. Upon effective date of this Consent Order, Illinois Physician and Surgeon License of

Regina Y. Leverrier, M.D., License No. 036-146208, is hereby placed on indefinite probation. The Department and Respondent agree that Respondent will be allowed to file a Petition for Termination of the Probation of her Illinois Physician and Surgeon License upon restoration of her Colorado Physician License to full unencumbered status without any conditions and/or restrictions;

B. Respondent shall notify the Department's Chief of Probation Investigations in writing if she plans to practice in Illinois. Respondent agrees that she will appear in front of Illinois State Medical Board prior to beginning practice in Illinois to discuss her compliance with Colorado probation;

C. Respondent shall comply with all the terms and conditions of the Probation of her Colorado Physician License pursuant to January 2026 Colorado Medical Board Order, attached as the Department Exhibit A and made a part of this Consent Order. Respondent shall notify the Department's Probation Compliance Unit via email within ten (10) days if she becomes subject of investigation related to her compliance with the aforementioned Colorado Probation;

D. While on Probation, Respondent shall notify the Department's Probation Compliance Unit via email within ten (10) days regarding the following: (i) information, regarding any arrests, criminal, or civil actions filed, including DUI and/or other similar offenses against Respondent; (ii) any adverse action taken against her related to the practice of medicine by another entity including but not limited to licensing authorities, insurance companies, and state and federal agencies, within ten (10) days of said adverse action; and (iii) when she is the subject of any investigation initiated by another entity, including but not limited to licensing authorities, insurance companies, and state and federal agencies, within ten (10) days of said investigation;

E. Respondent agrees that a violation of the terms and conditions of this Consent Order or a violation of the terms of probation is a violation of 225 ILCS 60/22(A)(15);

F. Respondent shall not violate the Illinois Medical Practice Act of 1987, any other federal and state laws related to the practice of medicine;

G. If Respondent violates any of the terms and conditions of this Order, the Director of the Division of Professional Regulation may issue an Order forthwith mandating the automatic, immediate, indefinite suspension of Respondent's Illinois Physician License for a minimum of twelve (12) months. This indefinite suspension shall not preclude the Department from taking any other disciplinary or other actions it deems appropriate. In the event Respondent contests in writing (by the filing of an appropriate petition with the Department) the factual basis underlying said indefinite suspension within thirty (30) days of the imposition thereof, then Respondent shall be afforded a hearing on the merits within thirty (30) days from filing of said petition;

H. This Consent Order is a final administrative order. Consent Order shall become effective immediately after it is approved by the Director of the Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation.

BEFORE THE COLORADO MEDICAL BOARD

STATE OF COLORADO

CASE NO. 2024-8231-A

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE LICENSE TO PRACTICE MEDICINE AS A COMPACT PHYSICIAN IN THE STATE OF COLORADO OF REGINA YVONNE LEVERRIER, M.D., LICENSE NUMBER CDRH.0048092,

Respondent.

IT IS HEREBY STIPULATED and agreed by and between Inquiry Panel A ("Panel") of the Colorado Medical Board ("Board") and Regina Yvonne LaVerrier, M.D. ("Respondent") (collectively, the "Parties") as follows:

JURISDICTION AND CASE HISTORY

1. Respondent was licensed to practice medicine as a compact physician in the state of Colorado on August 5, 2009 and was issued license number DR.0048092 ("License") until the license expired on May 14, 2018. On or about July 25, 2018, the license was transferred to Compact Physician, was issued as CDRH.0048092 and has been active since that date.
2. The Panel and the Board have jurisdiction over Respondent and over the subject matter of this proceeding.
3. On November 6, 2025, the Panel reviewed case number 2024-8231-A and determined that further proceedings by formal complaint were warranted pursuant to Section 12-240-125(4)(c)(V), C.R.S. The Parties have agreed to resolution of this matter prior to referral to the Attorney General.
4. It is the intent of the Parties and the purpose of this Stipulation and Final Agency Order ("Order") to provide for a settlement of matters set forth in case number 2024-8231-A, without the necessity of conducting a formal disciplinary hearing. Respondent stipulates that the Board may take subsequent disciplinary action based on one or more criminal convictions supporting additional findings of unprofessional conduct even if such disciplinary action is based on any of the underlying facts of case number 2024-8231 or related facts derived from investigations. This Order constitutes the entire agreement between the parties, and there are no other agreements or promises, written or oral, which modify, interpret, construe or affect this Order.

5. Respondent understands that:

- a. Respondent has the right to be represented by an attorney of the Respondent's choice and Respondent is represented by counsel in this matter;
- b. Respondent has the right to a formal complaint and disciplinary hearing pursuant to Sections 12-240-125(4)(c)(V) and 12-240-125(5), C.R.S.;
- c. By entering into this Order, Respondent is knowingly and voluntarily giving up the right to a formal complaint and disciplinary hearing, admits the facts contained in this Order, and relieves the Panel of its burden of proving such facts;
- d. Respondent is knowingly and voluntarily giving up the right to present a defense by oral and documentary evidence and to cross-examine witnesses who would testify on behalf of the Panel; and
- e. Respondent is knowingly and voluntarily waiving the right to seek judicial review of this Order.

FACTUAL BASIS

6. Respondent specifically admits and the Panel finds that:

- a. Respondent, a psychiatrist, used the blank paper prescriptions of another psychiatrist to self-prescribe the controlled substance clonazepam, a benzodiazepine, on multiple occasions. Respondent was not a patient of the other psychiatrist.

- c. Respondent habitually or excessively used or abused a controlled substance.

7. Respondent admits and the Panel finds that the acts and/or omissions set forth above constitutes unprofessional conduct as defined in Sections 12-240-121(1)(c),(e) and (i), C.R.S., which state:

(1) "Unprofessional conduct" as used in this article 240 means:

- (c) Administering, dispensing, or prescribing any habit-forming drug or any controlled substance as defined in section 18-18-102 (5) other than in the course of legitimate professional practice;
- (e) The use of a substance, including alcohol, an illicit drug, or a controlled substance as defined in section 18-18-102 (5), which

results in the inability to practice with reasonable judgment, skill, or safety; and

- (i) Failing to notify the board, as required by section 12-30-108 (1), of a current physical illness, physical condition, or behavioral, mental health, or substance use disorder that impairs the licensee's judgment or impacts the licensee's ability to perform a medical service with reasonable skill and safety to patients; failing to act within the limitations created by a current physical illness, physical condition, or behavioral, mental health, or substance use disorder that renders the licensee unable to perform a medical service with reasonable skill and safety to the patient; or failing to comply with the limitations agreed to under a confidential agreement entered into pursuant to sections 12-30-108 and 12-240-126. This subsection (1)(i) does not require the disclosure of a physical illness, physical condition, or behavioral, mental health, or substance use disorder that no longer impairs the licensee's judgment or impacts the licensee's ability to perform a medical service with reasonable skill and safety to patients, as determined by a peer health assistance program designated as a provider by the board.

- 8. Based upon the above, the parties stipulate that the terms of this Order are authorized by Section 12-240-125(5)(c)(III), C.R.S.

LETTER OF ADMONITION

- 9. This provision shall constitute a Letter of Admonition as set forth in Sections 12-240-125(4)(c)(IV) and 12-240-125(5)(c)(III), C.R.S. Respondent is hereby admonished for the acts and omissions described in the factual basis above.
- 10. By entering this Order, Respondent agrees to waive the rights provided by Section 12-20-404(4), C.R.S., to contest this Letter of Admonition.

PROBATIONARY TERMS

- 11. Respondent's License is hereby placed on probation for five (5) years commencing on the effective date of this Order. All terms of probation shall be effective throughout the probationary period and shall constitute terms of this Order.
- 12. During the probationary period, Respondent agrees to be bound by the terms and conditions set forth below.

ABSTINENCE FROM ADDICTIVE SUBSTANCES

- 13. Respondent shall totally abstain from the use of alcohol and the use of any habit-forming drug or controlled substance, other than as administered, dispensed or prescribed by an authorized person other than Respondent. Respondent shall use

such habit-forming drug or controlled substance only as directed by such authorized person and only for the condition identified by such authorized person.

AUTHORIZED USE OF ADDICTIVE SUBSTANCES

14. Except in the case of a bona fide medical emergency, the Respondent shall not use a habit-forming drug or controlled substance given by an authorized person unless Respondent has received prior written approval of the use from the treatment monitor, as that term is defined *infra*. In the case of a bona fide medical emergency, Respondent may use the habit-forming drug or controlled substance as prescribed by the authorized person, but must notify the treatment monitor within 24 hours of the use. Also, within 24 hours of the use, Respondent must obtain written approval from the treatment monitor for continued use of the habit-forming drug or controlled substance.
 15. Approvals for the use of habit-forming drugs or controlled substances made by the treatment monitor shall go only to the particular medication, indication, dosage and amount of refills understood and acknowledged by the treatment monitor. The burden shall be on the Respondent to assure that the treatment monitor understands fully the drug regimen the treatment monitor is approving.
- 

- 
- 
21. Respondent shall ensure that CPHP submits quarterly written reports to the Panel. The reports shall briefly describe CPHP's ongoing examinations and treatment monitoring of Respondent. The reports shall also state whether Respondent is in compliance with this Order. If at any time CPHP has reasonable cause to believe that Respondent has violated the terms of this Order, is unable to practice with reasonable skill and with safety to patients or has committed unprofessional conduct

as defined in Section 12-240-121(1), C.R.S., CPHP shall immediately inform the Panel.

22. Respondent shall not consume any alcohol-containing food or products or any substances such as poppy seeds, cough syrup or mouthwash that result in a "false positive" for urine or other tissue testing. Further, Respondent shall not use alcohol-based soaps and/or hand sanitizers or any other alcohol-based products. Any false positive caused by the consumption of alcohol-containing food or products, poppy seeds, cough syrup, mouthwash, alcohol-based food products and/or the use of alcohol-based soaps and/or hand sanitizers or any other alcohol-based products shall constitute a violation of this Order. Additionally, any consumption and/or use of any other substance Respondent has reason to believe will cause a false positive shall also constitute a violation of this Order.
23. Nothing in this agreement shall limit the ability of CPHP to test more frequently or for more substances than set forth above or to impose any other condition as part of its treatment monitoring of Respondent. Any of CPHP's treatment monitoring recommendations shall constitute terms of this Order for so long as this Order remains in effect.

25. If at any time, CPHP believes that any of the above terms are no longer necessary, CPHP may relax the terms as it deems appropriate and, at CPHP's direction, the Respondent may comply with this Order as determined by CPHP. CPHP shall inform the Panel of any such action relaxing the above terms in its quarterly report. All such reports shall be reviewed by the Board's staff and, at the staff's discretion, may be reviewed by the Panel. Following receipt and review of such a quarterly report, the Panel reserves the right to reject and nullify CPHP's decision regarding the relaxing of such terms. If the Panel nullifies CPHP's decision regarding the relaxing of any of the above terms, the Respondent specifically agrees to comply with the Order as set forth above in accordance with the Panel's directions.
26. It is the responsibility of the Respondent to provide information to CPHP in a timely and complete manner and to assure that all CPHP written reports are timely transmitted to the Panel.

PROBE COURSE

28. Within one year of the effective date of this Order, Respondent shall successfully complete the PROBE Ethics and Boundaries Program ("PROBE") conducted by the Center for Personalized Education for Physicians ("CPEP").
29. Respondent shall sign any and all releases necessary to allow CPEP to communicate with the Panel directly. Respondent shall not revoke such releases. Any failure to execute such a release or any revocation of such a release shall constitute a violation of this Order.
30. In order to successfully complete PROBE, Respondent's participation in the course must be rated as successful, without condition or qualification. The Board in its discretion may impose further remedial coursework if the Respondent receives a conditional pass or negative assessment from CPEP.
31. Respondent shall provide proof of timely and successful completion of PROBE to the Panel within one year of the effective date of this Order.

TOLLING OF THE PROBATIONARY PERIOD

32. If a treatment monitor nominated by Respondent and approved by the Panel does not commence treatment monitoring within three months of the effective date of the Order, the period of probation shall be tolled for the time the Order is in effect and Respondent's practice is not being monitored by the treatment monitor. Additionally, if the Respondent is required to nominate a new treatment monitor, the period of probation shall be tolled for any period of time during which a treatment monitor is not monitoring Respondent.
33. If at any time, Respondent ceases the active clinical practice of medicine as a compact physician, defined for the purposes of this Order as evaluating or treating a minimum of five patients per month, the probationary period shall be tolled for the time the Order is in effect and Respondent is not engaged in the active clinical practice of medicine as a compact physician.
34. Respondent must comply with all other terms of the Order and all other terms of probation. Unless otherwise specified, all terms of the Order and all terms of probation shall remain in effect, regardless of whether the probationary period has been tolled, from the effective date of this Order until probation is terminated. The probationary period shall be tolled for any time that Respondent is not in compliance with any term of this Order.

OUT OF STATE PRACTICE

35. Respondent may wish to leave Colorado and practice in another state. At any time other than during a period of suspension imposed by this Order, and whether to practice out of state or for any other reason, Respondent may request, in writing, that the Board place Respondent's license on inactive status as set forth in Section 12-240-141, C.R.S. Respondent's request to place her license on inactive status must include written evidence that Respondent has reported this Order to all other jurisdictions in which Respondent is licensed, as required by the "Other Terms" section of this Order. Upon the approval of such request, Respondent may cease to comply with the terms of this Order. Failure to comply with the terms of this Order while inactive shall not constitute a violation of this Order. While inactive, Respondent shall not perform any act in the state of Colorado that constitutes the practice of medicine, nor shall Respondent perform any act in any other jurisdiction pursuant to the authority of a license to practice medicine granted by the state of Colorado. Unless Respondent's license is inactive, Respondent must comply with all terms of this Order, irrespective of Respondent's location. The probationary period will be tolled for any period of time Respondent's license is inactive.
36. Respondent may resume the active practice of medicine at any time pursuant to written request and as set forth in Section 12-240-141(5), C.R.S. With such written request, Respondent shall nominate a treatment monitor as provided above and Respondent shall cause CPHP to perform an updated evaluation of Respondent. Respondent shall be permitted to resume the active practice of medicine only after approval of the treatment monitor, and only after submission of and approval of an updated evaluation from CPHP.

TERMINATION OF PROBATION

37. Upon the expiration of the probationary period, Respondent may submit a written request for restoration of Respondent's license to unrestricted status. If Respondent has complied with the terms of probation, and if Respondent's probationary period has not been tolled, such release shall be granted by the Panel in the form of written notice.

OTHER TERMS

38. The terms of this Order were mutually negotiated and determined.
39. Both parties acknowledge that they understand the legal consequences of this Order; both parties enter into this Order voluntarily; and both parties agree that no term or condition of this Order is unconscionable.
40. All costs and expenses incurred by Respondent to comply with this Order shall be the sole responsibility of Respondent and shall in no way be the obligation of the Board or Panel.

41. If Respondent is licensed by any other jurisdiction, Respondent shall report this Order to all other jurisdictions in which Respondent is licensed.
42. During the probationary period or any period in which a physician is subject to prescribing restrictions, no physician shall perform an assessment of a patient's medical history and current medical condition, including a personal physical examination, for the purpose of concluding that a patient may benefit from the use of medical marijuana, recommending the use of medical marijuana or certifying a debilitating medical condition for an applicant to the Colorado Medical Marijuana Program. Respondent hereby understands and agrees that Respondent shall not certify to the state health agency that a patient has a debilitating medical condition or that the patient may benefit from the use of medical marijuana.
43. Respondent shall obey all state and federal laws while the terms of this Order are in effect.
44. So that the Board may notify hospitals of this agreement pursuant to section 12-240-125(11), C.R.S., Respondent presently holds privileges at or is employed by the following hospitals and facilities:
- MA
- _____
- _____
- _____
45. This Order and all its terms shall have the same force and effect as an order entered after a formal disciplinary hearing pursuant to section 12-240-125(5)(c)(III), C.R.S., except that it may not be appealed. Failure to comply with the terms of this Order may be sanctioned by the Inquiry Panel as set forth in section 12-240-125(5)(c)(IV), C.R.S. This Order and all its terms also constitute a valid board order for purposes of section 12-240-121(1)(n), C.R.S.
46. This Order shall be admissible as evidence at any proceeding or future hearing before the Board.
47. Invalidation of any portion of this Order by judgment or court order shall in no way affect any other provision, which shall remain in full force and effect.
48. During the pendency of any action arising out of this Order, the terms of this Order shall be deemed to be in full force and effect and shall not be tolled.
49. Respondent acknowledges that the Panel may choose not to accept the terms of this Agreement and that if the Agreement is not approved by the Panel and signed by a Panel member or other authorized person, it is void.

50. This Order shall be effective upon (a) mailing by first-class mail to Respondent at Respondent's address of record with the Board, or (b) service by electronic means on Respondent at Respondent's electronic address of record with the Board. Respondent hereby consents to service by electronic means if Respondent has an electronic address on file with the Board.
51. Upon becoming effective, this Order shall be open to public inspection and shall be publicized pursuant to the Board's standard policies and procedures. This Order constitutes discipline against Respondent's license. Additionally, this Order shall be reported the Federation of State Medical Boards, the National Practitioner Data Bank and as otherwise required by law.
