ADMINISTRATIVE LAW JUDGE'S ORDER

Comes now N. Stacy Lankford, M.D., the Administrative Law Judge designated by the Board in this proceeding, and hearing having been held, now issues and files his order. Notice is hereby given that any objection to the Administrative Law Judge's Order must be filed with the Board, identifying the basis of the objection with reasonable particularity, no later than eighteen days from the date of issuance of this order unless such date is a Saturday, a Sunday, a legal holiday under state statute or a day that the Health Professions Bureau's offices are closed during regular business hours in which case the deadline would be the first day thereafter that is not a Saturday, a Sunday, a legal holiday under state statute or a day that the Health Professions Bureau's offices are closed during regular business hours. This Administrative Law Judge's Order is not the final order of the Board in this proceeding. However, in the absence of any objection, the Board either will affirm the Administrative Law Judge's Order as its final order or will serve notice of its intent to review any issue related to the Administrative Law Judge's Order.

FINDINGS OF FACT

1. This matter is before the Board to consider modifying Karen G. Meighen's (hereinafter "Respondent") probationary terms and conditions imposed in a Findings of Fact and Order issued on May 9, 2001. She was placed on probation indefinitely with no right to petition for withdrawal of her probation for three years. One of those requirements in paragraph 2j was that the "Respondent shall not apply to the DEA for reinstatement of her privilege to prescribe controlled substances for at least one year from the date of this order."

2. The Respondent's May 1, 2002, letter that led to the July 17, 2002, hearing sought modification of her probation to allow her to apply to the DEA. Such a modification however is not necessary because by the terms of the Respondent's probationary requirements she was allowed to apply to the DEA one year after the date of the May 9, 2001 order therefore on May 9, 2002.

3. It is noted however that the Respondent has an October 2000, sobriety date, is continuing regular therapy, and has been back at Riley Hospital as a pediatric psychiatrist since June 2001.

CONCLUSIONS OF LAW

1. Indiana Code Section 25-1-9-9(b) states in pertinent part that:

The board may . . . modify [a] probation [imposed in a disciplinary proceeding] if the board finds after a hearing that changed circumstances warrant modification of the order.

2. Given that by the terms of the May 9, 2001, Finding of Fact and Order, the Respondent already has the right to apply to the DEA for reinstatement of her privilege to prescribe controlled substances, she has not established that changed circumstances warrant modification of her probationary terms and conditions.

ORDER

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED that:

1. The Respondent's petition to modify her probation is denied solely because by the terms of the May 9, 2001, Findings of Fact and Order she was allowed to apply to the DEA as of May 9, 2002.

2. All other terms and conditions imposed in the May 9, 2001, Findings of Fact and Order are unchanged and therefore remain in full force and effect.

ORDER WITHDRAWING PROBATION

Hearing having been held on September 23, 2004, on the Respondent's petition for withdrawal of probation, the Medical Licensing Board (hereinafter "Board") by a vote of 5-0-0 now issues its Order as follows:

FINDINGS OF FACT

1. This matter is before the Board on Karen G. Meighen's (hereinafter "Respondent") petition for withdrawal of her probation.
2. In the Board's Findings of Fact and Order issued on May 9, 2001, the Respondent was placed on probation indefinitely with various terms and conditions imposed and with no right to petition for withdrawal of the probation for three years.
3. Respondent's sobriety date is in October 2000 and she has had a successful recovery, thus the Respondent has established that the deficiency that required disciplinary action has been remedied.

CONCLUSIONS OF LAW

1. Indiana Code Section 25-1-9-9(b) states in pertinent part that:

The board may withdraw or modify [a] probation [imposed in a disciplinary proceeding] if it finds, after a hearing, that the deficiency that required disciplinary action has been remedied, or that changed circumstances warrant a modification of the order.
2. Because the Respondent has established that the deficiency that required disciplinary action has been remedied, she qualifies for withdrawal of her probation.

ORDER

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED that the Respondent's petition for withdrawal of her probation is granted and therefore her probation is withdrawn.

ISSUED this 12th day of January, 2005.

PETITION FOR SUMMARY SUSPENSION

The State of Indiana, by Counsel, Elizabeth E. Kiefner, Deputy Attorney General, moves the Medical Licensing Board of Indiana ("Board") to suspend the license of Karen Meighen, M.D. ("Respondent") for 90 days and in support of its petition states the following:

1. Respondent is a licensed Physician in the State of Indiana.
2. This Board has jurisdiction to suspend Respondent's license in accordance with the provisions of Indiana Code § 4-21.5-4 et seq. and Indiana Code § 25-1-9-10.
3. Respondent has a lengthy history of discipline with the Board. Respondent's license was placed on probation by the Board in 1993 after she pled guilty to Operating a Motor Vehicle While Intoxicated. That probation was lifted in 1995. She was then subsequently placed on summary suspension from October 2000 to May 2001 after she was arrested and charged with forgery, obtaining a controlled substance by fraud or deceit, and possession of a controlled substance. Respondent participated in a criminal diversion program and all criminal charges were dropped; however, her medical license

was placed on probation by the Board for a second time from May 2001 to January 2005 related to this conduct.

4. In May 2008 Dr. Susanne Blix, M.D., a psychiatrist at IU Medical Group, received a phone call from Respondent. Respondent and Dr. Blix worked as colleagues in a clinic setting at IU Medical Group. Respondent indicated that she had stolen Dr. Blix's prescription pad, forged prescriptions for herself for Ritalin, and that she had relapsed.

5. Respondent's employer, IU Medical Group, conducted an investigation which corroborates the above mentioned relapse.

6. As of the date of the filing of this complaint Respondent still has an active license to practice medicine and an active DEA Number.

7. If allowed to continue to practice as a licensed Physician, Respondent represents a clear and immediate danger to the public health and safety.

WHEREFORE, the State of Indiana requests that this Board set a hearing on this petition for summary suspension and suspend Respondent's license for a period of ninety (90) days and for all other proper relief.

Respectfully submitted,
