FINAL ORDER

On November 27, 2023, the Department of Licensing and Regulatory Affairs (Department) executed an Administrative Complaint charging Respondent with violating the Public Health Code, MCL 333.1101 et seq.

Based on the Complaint and after consultation with the Chairperson of the Michigan Board of Medicine, the Department summarily suspended Respondent's license to practice medicine in the state of Michigan by Order of Summary Suspension dated November 27, 2023.

The Complaint notified Respondent that, pursuant to MCL 333.16231, Respondent's failure to respond to the Complaint within 30 days from the date of receipt would be treated as an admission of the allegations contained in the Complaint and would result in transmittal of the Complaint directly to the Michigan Board of Medicine Disciplinary Subcommittee (DSC) for imposition of an appropriate sanction.

Contrary to MCL 333.16231, Respondent failed to provide a written response to the allegations set forth in the Complaint within 30 days from the date of receipt.

The DSC, having read the Complaint and Order of Summary Suspension, considered this matter at a regularly scheduled meeting held in Lansing, Michigan on March 20, 2024, and imposed a sanction pursuant to MCL 333.16231. Therefore,

The Order of Summary Suspension dated November 27, 2023 is DISSOLVED, as of the effective date of the Order.

IT IS ORDERED that for violating MCL 333.16221(a), (b)(ii), and (b)(iii):

Respondent's license to practice medicine in the state of Michigan is SUSPENDED for a minimum of one (1) day, commencing on the effective date of this Order.

Respondent's license shall be automatically reinstated IF WITHIN SIX (6) MONTHS FROM THE EFFECTIVE DATE OF THIS ORDER the Department has received satisfactory written evidence from the Health Professional Recovery Program (HPRP) verifying that Respondent has undergone a substance use evaluation, has entered into a disciplinary, non-confidential monitoring agreement (monitoring agreement) with HPRP AND that HPRP has endorsed Respondent as safe to practice OR that HPRP has determined that Respondent does not require monitoring. It shall be Respondent's responsibility to contact HPRP by telephone at 1-800-453-3784 and to comply with the requests of HPRP regarding submission to an evaluation and entry into

a monitoring agreement, if required. All costs associated with this process shall be Respondent's responsibility. If HPRP determines that Respondent needs monitoring, Respondent shall enter into and comply with all terms of a monitoring agreement with HPRP.

Respondent shall submit a signed and fully executed monitoring agreement AND written confirmation that HPRP has endorsed Respondent as safe to practice or written confirmation from HPRP that Respondent is not in need of monitoring to the Department electronically as set forth below.

Pursuant to MCL 333.7311(6), Respondent's controlled substance license is automatically void, commencing on the effective date that Respondent's license to practice medicine in the state of Michigan is suspended.

If Respondent's license remains suspended for more than six (6) months, reinstatement is not automatic. If Respondent applies for reinstatement of the license, application for reinstatement shall be in accordance with ML 333.16245 and 333.16247.

Respondent is placed on PROBATION for one (1) year, commencing on the date of reinstatement, PROVIDED reinstatement occurs within six (6) months. The terms of probation shall be as follows:

1. MONITORING AGREEMENT: If HPRP determines that Respondent requires monitoring, and Respondent enters into a disciplinary monitoring agreement as a prerequisite to reinstatement of the license to practice medicine in the state of Michigan, Respondent shall comply fully with the terms of the monitoring agreement. The duration of the monitoring agreement may exceed the period of probation. All information

and documentation acquired by HPRP in developing and implementing a monitoring agreement shall be made available to the Department upon request to establish Respondent's compliance or noncompliance with the monitoring agreement and this order.

If Respondent fails to comply with the terms of the monitoring agreement, HPRP shall promptly notify the Department in writing.

Upon Respondent's successful completion of the monitoring agreement, HPRP shall promptly notify the Department in writing.

2. COMPLIANCE WITH THE PUBLIC HEALTH CODE: Respondent shall comply with all applicable provisions of the Public Health Code and rules promulgated thereunder.

Respondent shall be automatically discharged from probation after one (1) year, PROVIDED Respondent has complied with the terms of this Order and has not violated the Public Health Code.

Respondent shall upload all documents to the EDOC Record found under the Enforcement tab in Respondent's [MiPLUS account](#) or send as an email attachment to BPL-Monitoring@michigan.gov. Questions and other communications shall be emailed to BPL-Monitoring@michigan.gov.

Respondent shall be solely responsible for payment of all costs incurred in complying with this Order.

If Respondent violates any provision of this Order, or fails to complete any term of the Order, the DSC may take disciplinary action pursuant to Mich Admin Code, R 338.1632 and MCL 333.16221(h).

This matter is a public record required to be published and made available to the public pursuant to the Michigan Freedom of Information Act, MCL 15.231 *et seq.*, and this action will be reported to the National Practitioner Data Bank and any other entity as required by state or federal law.

This Order shall be effective on the date signed by the DSC's Chairperson or authorized representative, as set forth below.

ADMINISTRATIVE COMPLAINT

The Michigan Department of Licensing and Regulatory Affairs, by Amy Gumbrecht, Director, Bureau of Professional Licensing, complains against Respondent as follows:

1. The Michigan Board of Medicine is an administrative agency established by the Public Health Code, MCL 333.1101 *et seq.* Pursuant to MCL 333.16226, the Board's Disciplinary Subcommittee is empowered to discipline persons for violations of the Public Health Code.

2. Respondent is currently licensed to practice medicine in the state of Michigan and holds a controlled substance license.

3. Pursuant to MCL 333.16233(5):

After consultation with the chair of the appropriate board or task force or his or her designee, the department may summarily suspend a license or registration if the public health, safety, or welfare requires emergency action in accordance with section 92 of the administrative procedures act of 1969, MCL 24.292.

4. MCL 333.16106a(c) defines substance abuse as a “substance use disorder as defined in section 100d of the mental health code, 1974 PA 258, MCL 330.1100d.”

5. MCL 330.1100d(12) defines substance use disorder as a “chronic disorder in which repeated use of alcohol, drugs, or both, results in significant and adverse consequences. Substance use disorder includes substance abuse.”

6. MCL 330.1100d(11) defines substance abuse as:

. . . the taking of alcohol or other drugs at dosages that place an individual’s social, economic, psychological, and physical welfare in potential hazard or to the extent that an individual loses the power of self-control as a result of the use of alcohol or drugs, or while habitually under the influence of alcohol or drugs, endangers public health, morals, safety, or welfare, or a combination thereof.

7. In August and September of 2023, Respondent underwent inpatient treatment related to Respondent’s alcohol use and symptoms associated with alcohol withdrawal.

8. On October 4, 2023, Respondent entered into a partial hospitalization program (PHP), underwent an assessment, and was diagnosed, in part, with “Alcohol use disorder, Severe, in Early Partial Remission.” Respondent also self-reported to the Health Professional Recovery Program (HPRP) and was subsequently deemed a high risk after completing an HPRP intake interview.

9. On October 12, 2023, Respondent entered into an interim monitoring agreement with HPRP in order to participate in HPRP while completing PHP treatment. The terms of the interim monitoring agreement required, in part, that Respondent submit to drug screens, by calling the HPRP designated laboratory (RecoveryTrek) and submitting a specimen in the manner requested when instructed, and abstain from any mood-altering substances, including alcohol and controlled substances.

10. On October 23, 2023, Respondent was successfully discharged from PHP treatment. Subsequently, on October 26, 2023, Respondent was offered a three-year, co-occurring monitoring agreement with HPRP and was provided a deadline of November 13, 2023, to sign and return the monitoring agreement.

11. Beginning on October 31, 2023, Respondent ceased contacting RecoveryTrek to determine when to submit to drug screens and ceased submitting to required drug screens, in violation of the interim monitoring agreement. Respondent also ceased contact with HPRP around this time.

12. On November 14, 2023, based on Respondent's violations of the interim monitoring agreement and Respondent's failure to sign and return the monitoring agreement by the given deadline, HPRP closed Respondent's case as non-compliant and subsequently forwarded the matter to the Department.

COUNT I

Respondent's conduct, as set forth above, evidences a conduct, practice, or condition that impairs, or may impair, the ability to safely and skillfully practice the health profession, in violation of MCL 333.16221(a).

COUNT II

Respondent's conduct, as set forth above, evidences a substance use disorder, in violation of MCL 333.16221(b)(ii).

COUNT III

Respondent's conduct, as set forth above, evidences a mental or physical inability reasonably related to and adversely affecting Respondent's ability to practice in a safe and competent manner, in violation of MCL 333.16221(b)(iii).

RESPONDENT IS NOTIFIED that, after consultation with the chairperson of the Board, or the chairperson's designee, and pursuant to MCL 333.16233(5), the Department states that the public health, safety, or welfare requires emergency action, and, accordingly, Respondent's license to practice medicine in the state of Michigan is summarily suspended, pending a hearing and final determination of this matter.

RESPONDENT IS FURTHER NOTIFIED that, pursuant to MCL 333.16231(8), Respondent has 30 days from the date of receipt of this Complaint to submit a written response to the allegations contained in it. Pursuant to MCL 333.16192(2), Respondent is deemed to be in receipt of the complaint three (3) days after the date of mailing listed in the attached proof of service. The written response shall be submitted by email to the Department of Licensing and Regulatory Affairs, Bureau of Professional Licensing to LARA-BPL-RegulationSection@michigan.gov. If unable to submit a response by email, Respondent may submit by regular mail to the Department of Licensing and Regulatory Affairs, Bureau of Professional Licensing, P.O. Box 30670, Lansing, MI 48909.

Respondent's failure to submit an answer within 30 days is an admission of the allegations in this Complaint. If Respondent fails to answer, the Department shall transmit this Complaint directly to the Board's Disciplinary Subcommittee to impose a sanction, pursuant to MCL 333.16231(9).
