BEFORE THE MINNESOTA  
BOARD OF MEDICAL PRACTICE

In the Matter of the  
Medical License of  
Dr. Stanislav Kruglikov  
Date of Birth: 4/24/60  
License Number: 43,311

**STIPULATION AND ORDER  
FOR INDEFINITE SUSPENSION**

IT IS HEREBY STIPULATED AND AGREED, by and between Dr. Stanislav Kruglikov ("Respondent") and the Complaint Review Committee ("Committee") of the Minnesota Board of Medical Practice ("Board") as follows:

1. During all times herein, Respondent has been and now is subject to the jurisdiction of the Board from which he holds a license to practice medicine and surgery in the State of Minnesota.

2. Respondent has been advised by Board representatives that he may choose to be represented by legal counsel in this matter. Although aware of his right to representation by counsel, Respondent has knowingly and expressly waived that right. The Committee was represented by Nathan W. Hart, Assistant Attorney General, 1400 NCL Tower, 445 Minnesota Street, St. Paul, Minnesota 55101, telephone (651) 296-7575.

**FACTS**

3. For the purpose of this stipulation, the Board may consider the following facts as true:

a. Respondent graduated in 1985 from Riga Medical Institute in Riga, Latvia. In April 1993, Respondent began psychiatry residency training in New Jersey. Respondent was released from the program after a few months because of probable alcoholism

and entered a long-term treatment center for alcohol dependency. Respondent successfully completed an alcohol rehabilitation program and was monitored until he moved to Ohio in 1996.

b. While in Ohio, Respondent relapsed to alcohol use in April 1999 and entered an outpatient treatment program. On April 30, 1999, Respondent was discharged from the program and was compliant with aftercare recommendations.

c. In June 2000, Respondent applied for licensure to practice medicine and surgery in the State of Minnesota. The Board's Licensure Committee referred Respondent to the Health Professionals Services Program ("HPSP"), based on information contained in his Application for Licensure regarding his chemical dependency. On November 13, 2000, Respondent signed an HPSP Participation Agreement and entered into a Monitoring Plan that included a minimum of six urine and/or blood screens per quarter, a work-site monitor, quarterly self-reports, and required abstinence from alcohol and any other mood-altering chemicals. Respondent was successfully discharged from HPSP in April 2002.

d. Respondent was licensed by the Board on January 13, 2001. Respondent practices psychiatry in Duluth, Minnesota.

e. On September 3, 2002, Respondent self-reported to HPSP that he had relapsed to alcohol use. On September 4, 2002, Respondent entered inpatient chemical dependency treatment and was discharged on October 2, 2002. On October 4, 2002, Respondent entered a long-term, residential chemical dependency treatment center. Respondent was discharged on December 3, 2002, with recommendations including that he not work more than 50 hours a week and that he participate in an aftercare group.

f. On December 13, 2002, Respondent entered into a Participation Agreement and Monitoring Plan with HPSP.

g. On December 26, 2002, Respondent self-reported to HPSP that he had relapsed to the use of alcohol, stating that he drank alcohol between December 20 and 25, 2002. Respondent stated his psychiatrist recommended an assessment at an intensive outpatient chemical dependency program. Respondent agreed to refrain from practice on this date.

h. On December 30, 2002, Respondent reported to HPSP that his last drink was "five minutes ago."

i. On January 6, 2003, Respondent spoke with HPSP staff and consulted with staff from an outpatient chemical dependency treatment program. The treatment program staff recommended Respondent meet twice a week with a program representative. HPSP recommended that Respondent refrain from practice for six months.

j. In a letter to the Board dated March 11, 2003, Respondent reported that he drank alcohol for two hours on February 11, 2003. Respondent stated he was still committed to recovery.

k. On March 20, 2003, Respondent met with the Committee to discuss his history of chemical dependency and relapses.

### **STATUTES**

4. The Committee views Respondent's practices as inappropriate in such a way as to require Board action under Minn. Stat. § 147.091, subd. 1(l) and (r) (2002), and Respondent agrees that the conduct cited above constitutes a reasonable basis in law and fact to justify the disciplinary action under these statutes.

### **REMEDY**

5. Upon this stipulation and all of the files, records, and proceedings herein, and without any further notice or hearing herein, Respondent does hereby consent that until further

order of the Board, made after notice and hearing upon application by Respondent or upon the Board's own motion, the Board may make and enter an order suspending Respondent's license to practice medicine and surgery in the State of Minnesota as follows:

- a. Respondent's license is **INDEFINITELY SUSPENDED**.
  - b. During the period of suspension, Respondent shall not in any manner practice medicine and surgery in Minnesota.
  - c. Respondent may petition for reinstatement of his license upon submission of satisfactory evidence of at least six months of documented, uninterrupted recovery. Satisfactory evidence shall include, but shall not be limited to, random urine and/or blood screens, satisfactory completion of chemical dependency treatment programs, written documentation of regular attendance and participation at meetings of a self-help group in support of recovery, and a report from a treating physician that Respondent is fit and competent to resume the practice of medicine with reasonable skill and safety to patients.
  - d. Upon petitioning for reinstatement, Respondent shall appear before the Committee to discuss his petition and progress in recovery. Upon hearing Respondent's petition, the Committee may recommend that the Board continue, modify, or remove the suspension or impose conditions or restrictions as deemed necessary.
  - e. Respondent shall sign all necessary releases allowing the Board access to all medical, mental health, evaluation, therapy, chemical dependency, or other records from any treating or evaluating health professional or facility. Respondent shall allow the Board or its designee to communicate with all treating health professionals and facilities.
6. Within ten days of signing the Stipulation to this Order, Respondent shall provide the Board with a list of all hospitals and skilled nursing facilities at which Respondent currently

has medical privileges, a list of all states in which Respondent is licensed or has applied for licensure, and the addresses and telephone numbers of Respondent's residences. Within seven (7) days of any change, Respondent shall provide the Board with the new address and telephone information. The information shall be sent to Robert A. Leach, Minnesota Board of Medical Practice, University Park Plaza, 2829 University Avenue S.E., Suite 400, Minneapolis, Minnesota 55414-3246.

7. In the event Respondent resides or practices outside the State of Minnesota, Respondent shall promptly notify the Board in writing of the location of his residence. Periods of residency or practice outside of Minnesota will not be credited toward any period of Respondent's suspended license in Minnesota.

8. If Respondent shall fail, neglect, or refuse to fully comply with each of the terms, provisions, and conditions herein, the Committee shall schedule a hearing before the Board. The Committee shall mail Respondent a notice of the violation alleged by the Committee and of the time and place of the hearing. Respondent shall submit a response to the allegations at least three days prior to the hearing. If Respondent does not submit a timely response to the Board, the allegations may be deemed admitted.

At the hearing before the Board, the Committee and Respondent may submit affidavits made on personal knowledge and argument based on the record in support of their positions. The evidentiary record before the Board shall be limited to such affidavits and this Stipulation and Order. Respondent waives a hearing before an administrative law judge and waives discovery, cross-examination of adverse witnesses, and other procedures governing administrative hearings or civil trials.

At the hearing, the Board will determine whether to impose additional disciplinary action, including additional conditions or limitations on Respondent's practice, or suspension or revocation of Respondent's license.

9. In the event the Board in its discretion does not approve this settlement, this stipulation is withdrawn and shall be of no evidentiary value and shall not be relied upon nor introduced in any disciplinary action by either party hereto except that Respondent agrees that should the Board reject this stipulation and if this case proceeds to hearing, Respondent will assert no claim that the Board was prejudiced by its review and discussion of this stipulation or of any records relating hereto.

10. Respondent waives any further hearings on this matter before the Board to which Respondent may be entitled by Minnesota or United States constitutions, statutes, or rules and agrees that the order to be entered pursuant to the stipulation shall be the final order herein.

11. Respondent hereby acknowledges that he has read and understands this stipulation and has voluntarily entered into the stipulation without threat or promise by the Board or any of its members, employees, or agents. This stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this stipulation.

In the Matter of the  
Medical License of  
Dr. Stanislav Kruglikov  
Date of Birth: 4/24/60  
License No.: 43,311

**STIPULATION AND ORDER**

IT IS HEREBY STIPULATED AND AGREED, by and between Dr. Stanislav Kruglikov ("Respondent") and the Minnesota Board of Medical Practice ("Board") as follows:

1. During all times herein, Respondent has been and now is subject to the jurisdiction of the Board from which he holds a license to practice medicine and surgery in the State of Minnesota.

2. Respondent has been advised by Board representatives that he may choose to be represented by legal counsel in this matter. Although aware of his right to representation by counsel, Respondent has knowingly and expressly waived that right. The Complaint Review Committee ("Committee") was represented by Nathan W. Hart, Assistant Attorney General, 1400 NCL Tower, 445 Minnesota Street, St. Paul, Minnesota 55101, telephone (651) 296-7575.

**FACTS**

3. On May 3, 2003, the Board issued Respondent a Stipulation and Order for Indefinite Suspension ("2003 Order") based upon his September and December 2002 relapses with alcohol.

a. On March 24, 2005, the Board received a petition from Respondent to reinstate his license, along with supporting documentation, noting that he has maintained sobriety since August 2004, attends weekly therapy, and is on Antabuse and Klonopin.

b. On April 27, 2005, the Committee discussed the matter and recommended that the Board reinstate Respondent's license under a Stipulation and Order as follows:

#### **STATUTES**

4. The Board views Respondent's practices as inappropriate in such a way as to require Board action under Minn. Stat. § 147.091, subd. 1(l) and (r) (2004), and Respondent agrees that the conduct cited above constitutes a reasonable basis in law and fact to justify the disciplinary action under these statutes.

#### **REMEDY**

5. Upon this stipulation and all of the files, records, and proceedings herein, and without any further notice or hearing herein, Respondent does hereby consent that until further order of the Board, made after notice and hearing upon application by Respondent or upon the Board's own motion, the Board may make and enter an order rescinding the 2003 Order and **CONDITIONING** and **RESTRICTING** Respondent's license to practice medicine and surgery in the State of Minnesota as follows:

a. Respondent shall obtain a primary treating physician, approved in advance by the Committee or its designee, to monitor and/or manage all medical or other care provided to Respondent by all health professionals. Respondent shall provide all necessary records releases to enable Respondent's health care professionals to communicate with the treating physician pursuant to this paragraph. The treating physician shall provide quarterly reports to the Board or its designee summarizing medical or other care provided to Respondent, as well as addressing Respondent's progress under the terms of this Stipulation and Order relating to Respondent's health status and recovery.

b. Respondent shall abstain from alcohol and all mood-altering chemicals unless they are prescribed and/or approved by a physician or dentist who has been informed of Respondent's drug use history.

c. Respondent shall not prescribe or administer any prescription drug or drug sample for Respondent's own use or for Respondent's family members' use.

d. Respondent shall be subject, without notice, to unannounced blood and/or urine tests at the request of Board staff or its designee at least 12 times per quarter, including weekends. Bodily fluid screens may be requested at any time. The screens shall be:

- 1) Collected and tested consistent with protocols established by a Board-designated laboratory;
- 2) Handled through legal chain-of-custody methods; and
- 3) Paid for by Respondent.

The biological fluid collection shall take place as directed by Board staff or other Board designee. Testing shall screen for opiates, cocaine, barbiturates, amphetamines, benzodiazepines, marijuana, and other drugs of abuse, including alcohol. The laboratory will provide test results directly to the Board and to Respondent's treating physician. Ingestion of poppy seeds will not be accepted as a reason for a positive result.

e. Respondent shall attend meetings of a self-help program such as Alcoholics Anonymous or Narcotics Anonymous in support of abstinence at least three times per week. Quarterly reports shall be submitted to the Board or its designee from Respondent's designated sponsor(s) regarding attendance and participation.

f. Respondent shall attend monthly meetings of a professional support group such as Physicians Serving Physicians, approved in advance by the Committee or its designee.

Quarterly reports shall be submitted to the Board or its designee from Respondent's designated sponsor(s) regarding Respondent's attendance and participation.

g. Respondent shall engage in therapy with a psychiatrist or therapist, approved in advance by the Committee or its designee. The treating psychiatrist or therapist shall provide quarterly reports to the Board or its designee and to the primary treating physician regarding Respondent's diagnosis and progress in therapy. Termination of therapy shall be at the written recommendation of the approved psychiatrist or therapist, with the approval of the primary treating physician and the Committee.

h. Respondent shall comply with medication management, as recommended by a treating psychiatrist who is approved in advance by the Committee or its designee.

i. Respondent shall provide to the Board and to the treating physician a copy of any treatment and/or aftercare plan which is in effect at the time of execution of this Stipulation and Order, or which is modified or becomes effective during the time Respondent is subject to this Stipulation and Order. The treatment/aftercare plan, and any modifications to it, shall be approved by the treating physician and shall include at least the following:

- 1) Treatment/aftercare plan activities; and
- 2) The name, address, and telephone number for each provider of treatment/aftercare services.

The terms of any such treatment/aftercare plan, or approved modifications thereto, to the extent not superseded by this Order, are herewith incorporated by reference. Failure to follow the plan shall constitute violation of this Order.

j. Upon request, Respondent shall sign releases allowing the Board or its designee to obtain Respondent's medical, mental health, or chemical abuse/dependency records from any treating professional, evaluator, or facility.

k. Respondent shall practice in a group setting, approved in advance by the Committee or its designee.

l. Respondent's practice shall be limited to no more than 40 hours per week, including any call schedule. After six months from the date of this Order, Respondent may petition the Committee to consider an increase in his work hours. The Committee, at its discretion and by its own Order, may increase the maximum number of work hours allowed per week.

m. Respondent shall identify a work quality assessor who shall provide quarterly reports to the Board and to the treating physician regarding Respondent's overall work performance.

n. Respondent shall meet on a quarterly basis with a designated Board member or other Board designee. It shall be Respondent's obligation to contact the designated Board member to arrange each of the meetings. The purpose of such meetings shall be to review Respondent's progress under the terms and conditions of this Stipulation and Order.

o. No sooner than one year from the date of this Order, Respondent may petition, in writing, for reduced monitoring. Upon reviewing Respondent's petition, the Committee, at its discretion and by its own order, may reduce the frequency of required meetings, reports, and/or biological fluid screens required by the terms and conditions of this Order.

p. Respondent may petition for reinstatement of an unconditional license upon proof, satisfactory to the Board, of at least four years of documented, uninterrupted recovery. Upon hearing the petition, the Board may continue, modify, or remove the conditions set out herein.

#### **OTHER AGREEMENTS**

6. Within ten days of signing the Stipulation to this Order, Respondent shall provide the Board with a list of all hospitals and skilled nursing facilities at which Respondent currently has medical privileges, a list of all states in which Respondent is licensed or has applied for licensure, and the addresses and telephone numbers of Respondent's residences and all work sites. Within seven (7) days of any change, Respondent shall provide the Board with new address and telephone number information. The information shall be sent to Robert A. Leach, Minnesota Board of Medical Practice, University Park Plaza, 2829 University Avenue S.E., Suite 500, Minneapolis, Minnesota 55414-3246.

7. In the event Respondent resides or practices outside the State of Minnesota, Respondent shall promptly notify the Board in writing of the location of his residence and all work sites. Periods of residency or practice outside of Minnesota will not be credited toward any period of Respondent's suspended, limited, or conditioned license in Minnesota unless Respondent demonstrates that practice in another state conforms completely with Respondent's Minnesota license to practice medicine.

8. If Respondent shall fail, neglect, or refuse to fully comply with each of the terms, provisions, and conditions herein, the Committee shall schedule a hearing before the Board. The Committee shall mail Respondent a notice of the violation alleged by the Committee and of the time and place of the hearing. Respondent shall submit a response to the allegations at least

three days prior to the hearing. If Respondent does not submit a timely response to the Board, the allegations may be deemed admitted.

At the hearing before the Board, the Committee and Respondent may submit affidavits made on personal knowledge and argument based on the record in support of their positions. The evidentiary record before the Board shall be limited to such affidavits and this stipulation and order. Respondent waives a hearing before an administrative law judge and waives discovery, cross-examination of adverse witnesses, and other procedures governing administrative hearings or civil trials.

At the hearing, the Board will determine whether to impose additional disciplinary action, including additional conditions or limitations on Respondent's practice, or revocation of Respondent's license.

9. In the event the Board in its discretion does not approve this settlement, this stipulation is withdrawn and shall be of no evidentiary value and shall not be relied upon nor introduced in any disciplinary action by either party hereto except that Respondent agrees that should the Board reject the stipulation, Respondent will assert no claim that the Board was prejudiced by its review and discussion of the stipulation or any records relating hereto.

10. Respondent waives any further hearings on this matter before the Board to which Respondent may be entitled by Minnesota or United States constitutions, statutes, or rules and agrees that the order to be entered pursuant to the stipulation shall be the final order herein.

11. Respondent hereby acknowledges that he has read and understands this stipulation and has voluntarily entered into the stipulation without threat or promise by the Board or any of its members, employees, or agents. This stipulation contains the entire agreement between the

parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this stipulation.

AMENDING THE BOARD'S  
STIPULATION AND ORDER**

**FACTS**

1. During all times herein, Dr. Stanislav Kruglikov ("Respondent") has been and now is subject to the jurisdiction of the Minnesota Board of Medical Practice ("Board") from which he holds a license to practice medicine and surgery in the State of Minnesota.

2. On May 3, 2003, Respondent entered into a Stipulation and Order ("2003 Order") based on Respondent's history of chemical dependency and relapsing to alcohol usage while under monitoring by the Health Professionals Services Program ("HPSP"). The 2003 Order indefinitely suspended Respondent's license and required him to refrain from practice until submission of satisfactory evidence to the Board that he was fit and competent to resume the practice of medicine with reasonable skill and safety to patients.

3. On July 9, 2005, Respondent entered into a Stipulation and Order ("2005 Order") that rescinded the 2003 Order and conditioned and restricted his license to practice and required, in part, that he abstain from alcohol and all mood-altering chemicals and attend self-help program meetings in support of his abstinence at least three times per week.

4. On July 5, 2006, Respondent petitioned the Board for a decrease in the minimum number of required self-help program meetings.

5. The Complaint Review Committee ("Committee"), having convened on August 30, 2006, to review and consider the above-referenced matter, issues the following:

**ORDER**

6. IT IS HEREBY ORDERED that Respondent's minimum number of required self-help program meetings shall be decreased from three to two per week. The remainder of the terms and conditions of the Stipulation and Order of July 9, 2005, shall remain in full force and effect.

7. IT IS FURTHER ORDERED that this Committee Order, Amending the Board's Stipulation and Order of July 9, 2005, is hereby adopted and implemented on this 6<sup>th</sup> day of October, 2006.

**SECOND COMMITTEE ORDER  
AMENDING THE BOARD'S  
STIPULATION AND ORDER**

**FACTS**

1. During all times herein, Dr. Stanislav Kruglikov ("Respondent") has been and now is subject to the jurisdiction of the Minnesota Board of Medical Practice ("Board") from which he holds a license to practice medicine and surgery in the State of Minnesota.

2. By Stipulation and Order for Indefinite Suspension dated May 3, 2003 ("2003 Order"), the Board indefinitely suspended Respondent's license to practice medicine based upon his history of chemical dependency and relapsing to alcohol usage while under monitoring by the Health Professionals Services Program ("HPSP"). The 2003 Order required Respondent to refrain from practice until submission of satisfactory evidence to the Board that he was fit and competent to resume the practice of medicine with reasonable skill and safety to patients.

3. By Stipulation and Order dated July 9, 2005 ("2005 Order"), the Board rescinded the 2003 Order and reinstated Respondent's license under conditions and restrictions that required, in part, that he abstain from alcohol and all mood-altering chemicals, attend self-help program meetings at least three times per week, limit his practice to no more than 40 hours per week, and submit to at least 12 unannounced biological fluid screens per quarter.

4. By Committee Order dated October 6, 2006, Respondent's attendance at the self-help program meetings was reduced from three to two meetings per week.

5. On August 29, 2007, the Board received Respondent's written petition for modification of the terms of his 2005 Order to increase his practice hours to 50 hours per week.

6. The Committee, having convened on September 18, 2007, to review and consider the above-referenced matter, issues the following:

**ORDER**

7. IT IS HEREBY ORDERED that Respondent's maximum number of work hours shall be increased from 40 hours to 50 hours per week. The remainder of the terms and conditions of the Stipulation and Order of July 9, 2005, and the Committee Order of October 6, 2006, shall remain in full force and effect.

8. IT IS FURTHER ORDERED that this Second Committee Order, amending the Board's Stipulation and Order of July 9, 2005, is hereby adopted and implemented on this 11 day of October, 2007.

**STIPULATION AND ORDER**

IT IS HEREBY STIPULATED AND AGREED, by and between Dr. Stanislav Kruglikov ("Respondent") and the Complaint Review Committee ("Committee") of the Minnesota Board of Medical Practice ("Board") as follows:

1. During all times herein, Respondent has been and now is subject to the jurisdiction of the Board from which he holds a license to practice medicine and surgery in the State of Minnesota.

2. Respondent has been advised by Board representatives that he may choose to be represented by legal counsel in this matter. Although aware of this opportunity, Respondent has elected not to be represented by counsel. The Committee was represented by Daphne A. Lundstrom, Assistant Attorney General, 1400 Bremer Tower, 445 Minnesota Street, St. Paul, Minnesota 55101, telephone (651) 296-7575.

**FACTS**

3. For the purpose of this Stipulation, the Board may consider the following facts as true:

a. Respondent was licensed by the Board to practice medicine and surgery in the State of Minnesota on January 13, 2001.

b. On May 3, 2003, Respondent entered into a Stipulation and Order for Indefinite Suspension ("2003 Order"), which indefinitely suspended Respondent's license to practice medicine based upon his history of chemical dependency and relapsing to alcohol use while under monitoring by the Health Professionals Services Program ("HPSP"), St. Paul, Minnesota. Under the terms of the 2003 Order, Respondent was required, in part, to refrain from practice until submission of satisfactory evidence to the Board that he was fit and competent to resume the practice of medicine with reasonable skill and safety to patients.

c. On July 9, 2005, Respondent entered into a Stipulation and Order ("2005 Order") with the Board that rescinded the 2003 Order and reinstated Respondent's license with conditions and restrictions. Under the terms of the 2005 Order, Respondent was required, in part, to abstain from alcohol and all mood-altering chemicals, attend self-help program meetings at least three times per week, limit his practice to no more than 40 hours per week, and submit to at least 12 unannounced biological fluid screens per quarter.

d. On October 6, 2006, the Board issued a Committee Order that reduced Respondent's required attendance at self-help program meetings from three to two meetings per week. On October 11, 2007, the Board issued a Committee Order that increased Respondent's maximum work hours from 40 hours to 50 hours per week.

e. On June 12, 2008, HPSP notified the Board that Respondent failed to submit a biological fluid screen, as requested by HPSP, on May 23, 2008. When confronted by HPSP, Respondent stated that he forgot to call the toxicology line.

f. On June 13, 2008, Respondent contacted HPSP, by telephone, to report his relapse to alcohol the previous evening. HPSP requested that Respondent refrain from practice until released by HPSP to return to work.

g. On June 16, 2008, Respondent failed to submit a biological fluid screen to HPSP as requested. When confronted by HPSP, Respondent acknowledged his failure to call the toxicology line and admitted that a biological fluid screen, submitted on that day, would have tested positive for ethylglucuronide ("EtG").

h. On July 9, 2008, HPSP was notified that Respondent had been placed on a six-week medical leave of absence by his employer. Respondent's employer also noted that "we hope he can return at the end of this time."

i. On September 23, 2008, Respondent met with the Complaint Review Committee and admitted relapsing to alcohol use in June 2008, in violation of his Board order.

#### **STATUTES**

4. The Committee views Respondent's practices as inappropriate in such a way as to require Board action under Minn. Stat. § 147.091, subd. 1(f), (l), and (r) (2008), and Respondent agrees that the conduct cited above constitutes a reasonable basis in law and fact to justify the disciplinary action under these statutes.

#### **REMEDY**

5. Upon this Stipulation and all of the files, records, and proceedings herein, and without any further notice or hearing herein, Respondent does hereby consent that until further order of the Board, made after notice and hearing upon application by Respondent or upon the Board's own motion, the Board may make and enter an Order conditioning and restricting Respondent's license to practice medicine and surgery in the State of Minnesota as follows:

- a. Respondent is REPRIMANDED.
- b. Respondent shall obtain a primary treating physician, approved in advance by the Committee or its designee, to monitor and/or manage all medical or other care provided to

Respondent by all health care professionals. Respondent shall provide all necessary records releases to enable Respondent's health care professionals to communicate with the treating physician pursuant to this paragraph. The treating physician shall provide quarterly reports to the Board or its designee, summarizing medical or other care provided to Respondent and addressing Respondent's progress under any terms of this Stipulation and Order relating to his health status and recovery. Respondent is responsible for ensuring timely submission of all required reports.

c. Respondent shall abstain from alcohol and all mood-altering chemicals, including over-the-counter medications except aspirin, anti-inflammatory agents, and antacids, unless they are prescribed and/or approved by a physician or dentist who has first been informed of Respondent's chemical use history.

d. Respondent shall not prescribe or administer any prescription drug or drug sample for his own use or his family members' use.

e. Respondent shall be subject, without notice, to unannounced blood and urine tests at the request of the Board, or its designee, at least 18 times per quarter. Blood and urine screens may be requested at any time. Respondent shall provide the requested sample within the time frame directed. The blood and urine screens shall be:

1) Collected and tested consistent with protocols established by a Board-designated laboratory.

2) Handled through legal chain of custody methods.

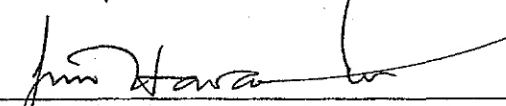

3) Paid for by Respondent.

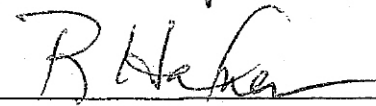

The biological fluid collection and testing shall take place at a Board-designated laboratory as directed by the Board or its designee. Testing shall screen for opiates, cocaine, barbiturates,

parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this stipulation.

AG: #715970-v1

j. Respondent shall provide to the Board, and the treating physician, a copy of any treatment or aftercare plan that is in effect at the time of execution of this Stipulation and Order, or which is modified, or becomes effective, during the time Respondent is subject to this Stipulation and Order. The treatment or aftercare plan, and any modifications to it, shall be approved by the treating physician and shall include at least the following:

- 1) The treatment or aftercare plan activities.
- 2) The name, address, and telephone number for each provider of treatment or aftercare services.

The terms of any such treatment or aftercare plan, or approved modification thereto, to the extent not superseded by this Order, are herewith incorporated by reference. Failure to follow the plan, or approved modification, shall constitute violation of this Order.

k. Upon request by the Board, Respondent shall sign releases authorizing the Board or its designee to obtain Respondent's medical, mental health, or chemical abuse/dependency records from any treating professional, evaluator, or facility.

l. Respondent shall practice in a group setting, approved in advance by the Committee or its designee.

m. Respondent's practice shall be limited to no more than 32 hours per week.

n. Respondent shall identify a work quality assessor, who shall provide quarterly reports to the Board, or its designee, regarding Respondent's overall work performance. Respondent is responsible for ensuring timely submission of all required reports.

o. Respondent shall meet on a quarterly basis with a designated Board member or other Board designee. Such meetings shall take place at a time mutually convenient to Respondent and the designated Board member. It shall be Respondent's obligation to contact

the designated Board member to arrange each of the meetings. The purpose of such meetings shall be to review Respondent's progress under the terms and conditions of this Stipulation and Order.

p. No sooner than six months from the date of this Order, Respondent may petition, in writing, for reduced monitoring. Upon reviewing Respondent's petition, the Committee, at its discretion and by its own order, may reduce the frequency of the meetings, reports, and/or biological fluid screens required by the terms and conditions of this Order.

q. This Stipulation and Order shall remain in effect for a minimum of four years from the date of the Order. At the end of this period, Respondent may petition for reinstatement of an unconditional license upon submission of proof, satisfactory to the Board, of a minimum of five years of documented, uninterrupted recovery. Upon hearing the petition, the Board may continue, modify, or remove the conditions set out herein.

6. Within ten days of signing the Stipulation to this Order, Respondent shall provide the Board with a list of all hospitals and skilled nursing facilities at which Respondent currently has medical privileges, a list of all states in which Respondent is licensed or has applied for licensure, and the addresses and telephone numbers of Respondent's residences. Within seven (7) days of any change, Respondent shall provide the Board with the new address and telephone information. The information shall be sent to Robert A. Leach, Minnesota Board of Medical Practice, University Park Plaza, 2829 University Avenue S.E., Suite 500, Minneapolis, Minnesota 55414-3246.

7. In the event Respondent resides or practices outside the State of Minnesota, Respondent shall promptly notify the Board in writing of the location of his residence. Periods

of residency or practice outside of Minnesota will not be credited toward any period of Respondent's conditioned and restricted license in Minnesota.

8. If Respondent shall fail, neglect, or refuse to fully comply with each of the terms, provisions, and conditions herein, including timely submission of required reports, the Committee shall schedule a hearing before the Board. The Committee shall mail Respondent a notice of the violation alleged by the Committee and of the time and place of the hearing. Respondent shall submit a response to the allegations at least three days prior to the hearing. If Respondent does not submit a timely response to the Board, the allegations may be deemed admitted.

At the hearing before the Board, the Committee and Respondent may submit affidavits made on personal knowledge and argument based on the record in support of their positions. The evidentiary record before the Board shall be limited to such affidavits and this Stipulation and Order. Respondent waives a hearing before an administrative law judge and waives discovery, cross-examination of adverse witnesses, and other procedures governing administrative hearings or civil trials.

At the hearing, the Board will determine whether to impose additional disciplinary action, including additional conditions or limitations on Respondent's practice, or suspension or revocation of Respondent's license.

9. In the event the Board in its discretion does not approve this settlement, this Stipulation is withdrawn and shall be of no evidentiary value and shall not be relied upon nor introduced in any disciplinary action by either party hereto except that Respondent agrees that should the Board reject this Stipulation and if this case proceeds to hearing, Respondent will

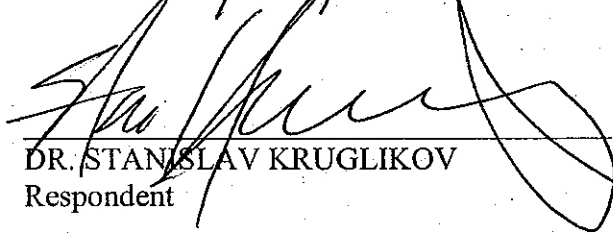

assert no claim that the Board was prejudiced by its review and discussion of this Stipulation or of any records relating hereto.

10. Respondent waives any further hearings on this matter before the Board to which Respondent may be entitled by Minnesota or United States constitutions, statutes, or rules and agrees that the order to be entered pursuant to the Stipulation shall be the final order herein.

11. Respondent hereby acknowledges that he has read and understands this Stipulation and has voluntarily entered into the Stipulation without threat or promise by the Board or any of its members, employees, or agents. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this Stipulation.

AMENDING THE BOARD'S  
STIPULATION AND ORDER**

**FACTS**

1. During all times herein, Dr. Stanislav Kruglikov ("Respondent") has been and now is subject to the jurisdiction of the Minnesota Board of Medical Practice ("Board") from which he holds a license to practice medicine and surgery in the State of Minnesota.

2. By Stipulation and Order for Indefinite Suspension dated May 3, 2003 ("2003 Order"), the Board indefinitely suspended Respondent's license to practice medicine based upon his history of chemical dependency and relapsing to alcohol usage while under monitoring by the Health Professionals Services Program ("HPSP"). The 2003 Order required Respondent to refrain from practice until submission of satisfactory evidence to the Board that he was fit and competent to resume the practice of medicine with reasonable skill and safety to patients.

3. By Stipulation and Order dated July 9, 2005 ("2005 Order"), the Board rescinded the 2003 Order and reinstated Respondent's license under conditions and restrictions that required, in part, that he abstain from alcohol and all mood-altering chemicals, attend self-help program meetings at least three times per week, limit his practice to no more than 40 hours per week, and submit to at least 12 unannounced biological fluid screens per quarter.

4. By Stipulation and Order dated November 8, 2008 ("2008 Order"), Respondent was reprimanded following his relapse to alcohol usage in violation of his 2005 Order. Under

the terms of the 2008 Order, Respondent was required, in part, to abstain from alcohol and all mood-altering chemicals, limit his practice to 32 hours per week, and submit to at least 18 unannounced biological fluid screens per quarter.

5. On July 9, 2009, Respondent submitted a written petition to the Board requesting a modification of his 2008 Order to increase his practice hours to 40 hours per week.

6. The Complaint Review Committee, having convened on August 11, 2009, to review and consider the above-referenced matter, issues the following:

**ORDER**

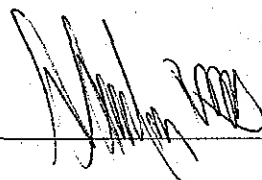

7. IT IS HEREBY ORDERED that Respondent's maximum number of work hours shall be increased from 32 hours to 40 hours per week. The remainder of the terms and conditions of the Stipulation and Order of November 8, 2008, shall remain in full force and effect.

8. IT IS FURTHER ORDERED that this Committee Order, amending the Board's Stipulation and Order of November 8, 2008, is hereby adopted and implemented on this

31 day of August, 2009.

In the Matter of the  
Medical License of  
Dr. Stanislav Kruglikov  
Date of Birth: 4/24/1960  
License Number: 43,311

**STIPULATION AND ORDER**

IT IS HEREBY STIPULATED AND AGREED, by and between Dr. Stanislav Kruglikov ("Respondent"), and the Complaint Review Committee ("Committee") of the Minnesota Board of Medical Practice ("Board") as follows:

1. During all times herein, Respondent has been and now is subject to the jurisdiction of the Board from which he holds a license to practice medicine and surgery in the State of Minnesota.

2. Respondent has been advised by Board representatives that he may choose to be represented by legal counsel in this matter. Although aware of this opportunity, Respondent has elected not to be represented by counsel. The Committee was represented by Kermit N. Fruechte, Assistant Attorney General, 1400 Bremer Tower, 445 Minnesota Street, St. Paul, Minnesota 55101, (651) 296-7575.

**FACTS**

3. For the purpose of this Stipulation, the Board may consider the following facts as true:

a. Respondent was licensed by the Board to practice medicine and surgery in the State of Minnesota on January 13, 2001.

b. On May 3, 2003, Respondent entered into a Stipulation and Order for Indefinite Suspension ("2003 Order"), which indefinitely suspended Respondent's license to

practice medicine based upon his history of chemical dependency and relapsing to alcohol use while under monitoring by the Health Professionals Services Program (“HPSP”), St. Paul, Minnesota. Under the terms of the 2003 Order, Respondent was required, in part, to refrain from practice until submission of satisfactory evidence to the Board that he was fit and competent to resume the practice of medicine with reasonable skill and safety to patients.

c. On July 9, 2005, Respondent entered into a Stipulation and Order (“2005 Order”) with the Board that rescinded the 2003 Order and reinstated Respondent’s license with conditions and restrictions. Under the terms of the 2005 Order, Respondent was required, in part, to abstain from alcohol and all mood-altering chemicals, attend self-help program meetings at least three times per week, limit his practice to no more than 40 hours per week, and submit to at least 12 unannounced biological fluid screens per quarter.

d. On October 6, 2006, the Board issued a Committee Order that reduced Respondent’s required attendance at self-help program meetings from three to two meetings per week. On October 11, 2007, the Board issued a Committee Order that increased Respondent’s maximum work hours from 40 hours to 50 hours per week.

e. On November 8, 2008, Respondent entered into a Stipulation and Order (“2008 Order”) with the Board based upon his relapse to alcohol use in June 2008, in violation of his Board order. Under the terms of the 2008 Order, Respondent was reprimanded and required, in part, to abstain from alcohol and all mood-altering chemicals, refrain from prescribing or administering any prescriptions drug for his own use or his family members’ use, obtain a primary care treating physician, engage in individual therapy with a psychiatrist or therapist, attend meetings of a self-help group at least three times per week, and submit to unannounced biological fluid screens on a periodic basis.

f. On August 31, 2009, the Complaint Review Committee issued a Committee Order that increased Respondent's maximum number of work hours from 32 hours to 40 hours per week.

g. On January 27, 2010, Respondent failed to submit a biological fluid screen to HPSP as requested. On January 30, 2010, Respondent submitted a biological fluid screen to HPSP that tested negative for ethylglucuronide (EtG), but revealed a creatinine level and a specific gravity level that suggested a dilute specimen. On February 1, 2010, Respondent notified HPSP that he had taken benzodiazepines during the previous week due to increased anxiety and panic attacks. Respondent acknowledged that he failed to obtain the drugs from his treatment provider, and reported that he obtained the benzodiazepines from a friend.

h. On July 6, 2010, Respondent met with the Complaint Review Committee and admitted taking benzodiazepines during a panic attack to relieve his unpleasant symptoms. Respondent acknowledged that he failed to contact his treatment provider to obtain a prescription for benzodiazepines or other appropriate medications to address his anxiety and panic attacks. Respondent stated that he opted to obtain the benzodiazepines from a friend. Respondent admitted that obtaining and administering non-prescription benzodiazepines for his own use was a violation of his HPSP monitoring plan. Respondent reported that he was currently working 42 hours per week, but denied that his increased practice hours were related to his panic attacks or his failure to comply with his HPSP monitoring plan.

#### STATUTES

4. The Committee views Respondent's practice as inappropriate in such a way as to require Board action under Minn. Stat. section 147.091, subd. 1(f), (l), and (r) (2008), and

Respondent agrees that the conduct cited above constitutes a reasonable basis in law and fact to justify the disciplinary action under these statutes.

#### **REMEDY**

5. Upon this Stipulation and all of the files, records, and proceedings herein, Respondent does hereby consent that the Board may make and enter an Order **REPRIMANDING** Respondent for the conduct described in paragraphs 3.a. through 3.h. above, and **SUSPENDING** Respondent's license to practice medicine and surgery in the State of Minnesota. The suspension is **STAYED** contingent upon Respondent's compliance with the following terms and conditions:

a. Respondent shall obtain a primary care treating physician, approved in advance by the Board or its designee, to monitor and/or manage all medical or other care provided to Respondent by all health professionals. Respondent shall provide all necessary records releases to enable Respondent's health care professionals to communicate with the primary care treating physician pursuant to this paragraph. The primary care treating physician shall provide quarterly reports to the Board summarizing medical or other care provided to Respondent, as well as addressing Respondent's progress under any terms of this Stipulation and Order relating to Respondent's health status and recovery. Respondent is responsible for ensuring timely submission of all required reports.

b. Respondent shall abstain from alcohol and all mood-altering chemicals, including over-the-counter medications except aspirin, anti-inflammatory agents, and antacids, unless they are prescribed and/or approved by a physician or dentist who has first been informed of Respondent's chemical use history.

c. Respondent shall not prescribe or administer any prescription drug or drug sample for his own use or his family members' use.

d. Respondent shall be subject, without notice, to unannounced blood and urine tests at the request of the Board, or its designee, at least 18 times per quarter. Blood and urine screens may be requested at any time. Respondent shall provide the requested sample within the time frame directed. The blood and urine screens shall be:

- 1) Collected and tested consistent with protocols established by a Board-designated laboratory.
- 2) Handled through legal chain of custody methods.
- 3) Paid for by Respondent.

The biological fluid collection and testing shall take place at a Board-designated laboratory as directed by the Board or its designee. Testing shall screen for opiates, cocaine, barbiturates, amphetamines, benzodiazepines, marijuana, and other drugs of abuse, including alcohol. The laboratory will provide test results directly to the Board or its designee and Respondent's treating physician. Ingestion of poppyseeds will not be accepted as a justification for a positive drug screen.

e. Respondent shall attend meetings of a self-help program such as AA or NA in support of abstinence at least three times per week. Quarterly reports shall be submitted to the Board or its designee from Respondent's designated sponsors(s) regarding attendance and participation. Respondent is responsible for ensuring timely submission of all required reports.

f. Respondent shall attend monthly meetings of a professional support group such as PSP approved in advance by the Committee or its designee. Quarterly reports shall be submitted to the Board or its designee from Respondent's designated sponsor(s) regarding

Respondent's attendance and participation. Respondent is responsible for ensuring timely submission of all required reports.

g. Respondent shall engage in individual therapy with a psychiatrist or therapist approved in advance by the Committee or its designee. The treating psychiatrist or therapist shall submit quarterly reports to the Board or its designee, and to the primary treating physician regarding Respondent's diagnosis and progress in therapy. Termination of therapy shall be at the recommendation of the approved psychiatrist or therapist, with the approval of the primary treating physician and the Committee. Respondent is responsible for ensuring timely submission of all required reports.

h. Respondent shall provide to the Board, and the treating physician, a copy of any treatment or aftercare plan that is in effect at the time of execution of this Stipulation and Order; or which is modified, or becomes effective, during the time Respondent is subject to this Stipulation and Order. The treatment or aftercare plan, and any modifications to it, shall be approved by the treating physician and shall include at least the following:

- 1) The treatment or aftercare plan activities.
- 2) The name, address, and telephone number for each provider of treatment or aftercare services.

The terms of any such treatment or aftercare plan, or approved modification thereto, to the extent not superseded by this Order, are herewith incorporated by reference. Failure to follow the plan, or approved modification, shall constitute violation of this Order.

i. Upon request by the Board, Respondent shall sign releases authorizing the Board or its designee to obtain Respondent's medical, mental health, or chemical abuse/dependency records from any treating professional, evaluator, or facility.

j. Respondent shall practice in a group setting, approved in advance by the Committee or its designee.

k. Respondent shall identify a work quality assessor, who shall provide quarterly reports to the Board, or its designee, regarding Respondent's overall work performance. Respondent is responsible for ensuring timely submission of all required reports.

l. Respondent's practice shall be limited to no more than 42 hours per week.

m. Respondent shall comply with medication management, as recommended by his treating psychiatrist or therapist.

n. Respondent shall meet on a quarterly basis with a designated Board member or other Board designee. Such meetings shall take place at a time mutually convenient to Respondent and the designated Board member. It shall be Respondent's obligation to contact the designated Board member to arrange each of the meetings. The purpose of such meetings shall be to review Respondent's progress under the terms and conditions of this Stipulation and Order.

o. No sooner than six months from the date of this Order, Respondent may petition, in writing, for reduced monitoring. Upon reviewing Respondent's petition, the Committee, at its discretion and by its own order, may reduce the frequency of the meetings, reports, and/or biological fluid screens required by the terms and conditions of this Order.

p. This Stipulation and Order shall remain in effect for a minimum of four years from the date of the Order. At the end of this period, Respondent may petition for reinstatement of an unconditional license upon submission of proof, satisfactory to the Board, of a minimum of five years of documented, uninterrupted recovery. Upon hearing the petition, the Board may continue, modify, or remove the conditions set out herein.

6. Within ten days of signing the Stipulation to this Order, Respondent shall provide the Board with a list of all hospitals and skilled nursing facilities at which Respondent currently has medical privileges, a list of all states in which Respondent is licensed or has applied for licensure, and the addresses and telephone numbers of Respondent's residences and all work sites. Within seven days of any change, Respondent shall provide the Board with the new address and telephone information. The information shall be sent to Robert A. Leach, Minnesota Board of Medical Practice, University Park Plaza, 2829 University Avenue S.E., Suite 500, Minneapolis, Minnesota 55414-3246.

7. In the event Respondent resides or practices outside the State of Minnesota, Respondent shall promptly notify the Board in writing of the location of his residence and all work sites. Periods of residency or practice outside of Minnesota will not be credited toward any period of Respondent's suspended, limited, or conditioned license in Minnesota unless Respondent demonstrates that practice in another state conforms completely with Respondent's Minnesota license to practice medicine.

8. If the Committee has probable cause to believe that Respondent has failed to comply with any of the requirements for staying the suspension of his license as set forth in paragraph 5 above, or has failed to comply with a Health Professionals Services Program Participation Agreement and Monitoring Plan, if applicable, and/or is subject to a positive biological fluid screen, the Committee may remove the stay of suspension and suspend Respondent's license pursuant to the procedures outlined below:

a. The removal of the stayed suspension shall take effect upon service of an Order of Removal of Stayed Suspension ("Order of Removal"). Respondent agrees that the Committee is authorized to issue an Order of Removal, which shall remain in effect and shall

have the full force and effect of an order of the Board until the Board makes a final determination pursuant to the procedures outlines in paragraph 9 below, or until the complaint is dismissed and the order is rescinded by the Committee. The Order of Removal shall confirm the Committee has probable cause to believe Respondent has failed to comply with or has violated one or more of the requirements for staying the suspension of Respondent's license.

b. Respondent further agrees an Order of Removal issued pursuant to this paragraph shall be deemed a public document under the Minnesota Government Data Practices Act. Respondent waives any right to a hearing before removal of the stayed suspension.

c. The Committee shall schedule a hearing before the Board pursuant to paragraph 9 below to be held within 60 days of service of the Order of Removal.

9. If the Committee issues an Order of Removal pursuant to paragraph 8 above, the following shall apply:

a. The Committee shall mail Respondent a notice of the violation alleged by the Committee and of the time and place of the hearing referred to in paragraph 8.c. above. Respondent shall submit a response to the allegations at least three days prior to the hearing. If Respondent does not submit a timely response to the Board, the allegations may be deemed admitted.

b. At a hearing before the Board, the Committee and Respondent may submit affidavits made on personal knowledge and argument based on the record in support of their positions. The evidentiary record before the Board shall be limited to such affidavits and this Stipulation and Order. Respondent waives a hearing before an administrative law judge and waives discovery, cross-examination of witnesses, and other procedures governing administrative hearings or civil trials.

c. At the hearing, the Board will determine whether to impose additional disciplinary action, including additional conditions or limitations on Respondent's practice, or revocation of Respondent's license.

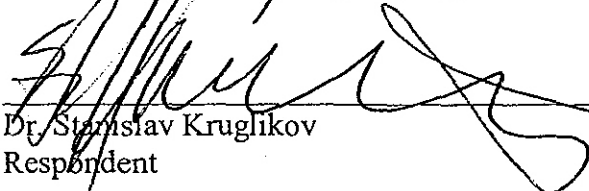

d. The Committee, at its discretion, may schedule a conference with Respondent prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

10. In the event the Board in its discretion does not approve this settlement, this Stipulation is withdrawn and shall be of no evidentiary value and shall not be relied upon nor introduced in any disciplinary action by either party hereto except that Respondent agrees that should the Board reject this Stipulation and if this case proceeds to hearing, Respondent will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation or of any records relating hereto.

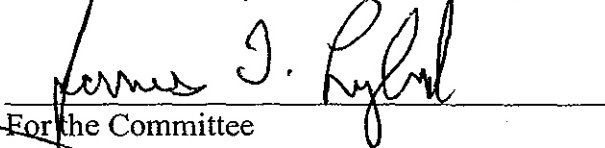

11. Respondent waives any further hearings on this matter before the Board to which Respondent may be entitled by Minnesota or United States constitutions, statutes, or rules and agrees that the Order to be entered pursuant to the Stipulation shall be the final Order herein.

12. Respondent hereby acknowledges that he has read and understands this Stipulation and that he has voluntarily entered into the Stipulation without threat or promise by the Board or any of its members, employees, or agents. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this Stipulation.

**FACTS**

1. During all times herein, Dr. Stanislav Kruglikov ("Respondent") has been and now is subject to the jurisdiction of the Minnesota Board of Medical Practice ("Board") from which he holds a license to practice medicine and surgery in the State of Minnesota.

2. By Stipulation and Order for Indefinite Suspension dated May 3, 2003 ("2003 Order"), the Board indefinitely suspended Respondent's license to practice medicine based upon his history of chemical dependency and relapsing to alcohol usage while under monitoring by the Health Professionals Services Program ("HPSP"). The 2003 Order required Respondent to refrain from practice until submission of satisfactory evidence to the Board that he was fit and competent to resume the practice of medicine with reasonable skill and safety to patients.

3. By Stipulation and Order dated July 9, 2005 ("2005 Order"), the Board rescinded the 2003 Order and reinstated Respondent's license under conditions and restrictions that required, in part, that he abstain from alcohol and all mood-altering chemicals, attend self-help program meetings, and submit to unannounced biological fluid screens on a periodic basis.

4. By Stipulation and Order dated November 8, 2008 ("2008 Order"), Respondent was reprimanded following his relapse to alcohol usage in violation of his 2005 Order. Under the terms of the 2008 Order, Respondent was required, in part, to abstain from alcohol and all

mood-altering chemicals, attend self-help program meetings, and submit to unannounced biological fluid screens on a periodic basis.

5. By Stipulation and Order dated September 11, 2010 ("2010 Order"), Respondent was reprimanded following his use of chemicals in violation of his 2008 Order. Under the terms of the 2010 Order, Respondent's license was suspended, but the suspension was stayed contingent upon Respondent's compliance with terms and conditions which required, in part, that Respondent abstain from alcohol and all mood-altering chemicals, attend self-help program meetings at least three times per week, and submit to unannounced biological fluid screens at least 18 times per quarter.

6. On February 28, 2011, Respondent submitted a written petition to the Board requesting a modification of his 2010 Order to decrease the required number of self-help program meetings each week and decrease the required number of biological fluid screens each quarter.

7. The Complaint Review Committee, having convened on May 12, 2011, to review and consider the above-referenced matter, issues the following:

**ORDER**

8. IT IS HEREBY ORDERED that Respondent's minimum number of required self-help program meetings shall be decreased from three to two meetings per week, and the minimum number of required biological fluid screens shall be decreased from 18 to 12 screens per quarter.

9. IT IS FURTHER ORDERED that the remainder of the terms and conditions of the Stipulation and Order of September 11, 2010, shall remain in full force and effect.

10. IT IS FURTHER ORDERED that this Committee Order, amending the Board's Stipulation and Order of September 11, 2010, is hereby adopted and implemented on this 23 day of May, 2011.

6. By Committee Order dated May 23, 2011, Respondent's attendance at required self-help program meetings was reduced from three to two meetings per week, and the minimum number of required biological fluid screens was decreased from 18 to 12 screens per quarter.

7. On July 21, 2011, Respondent submitted a written petition to the Board requesting a modification of his 2010 Order to increase his weekly practice hours.

8. The Complaint Review Committee, having convened on August 15, 2011, to review and consider the above-referenced matter, issues the following:

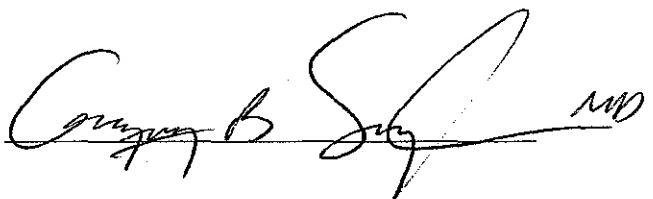

**ORDER**

9. IT IS HEREBY ORDERED that Respondent's maximum number of work hours shall be increased from 42 hours to 45 hours per week.

10. IT IS FURTHER ORDERED that the remainder of the terms and conditions of the Stipulation and Order of September 11, 2010, and the Committee Order dated May 23, 2011, shall remain in full force and effect.

11. IT IS FURTHER ORDERED that this Second Committee Order, amending the Board's Stipulation and Order of September 11, 2010, is hereby adopted and implemented on this 23 day of August, 2011.

In the Matter of the  
Medical License of  
Dr. Stanislav Kruglikov  
Year of Birth: 1960  
License Number: 43,311

### THIRD COMMITTEE ORDER AMENDING THE BOARD'S STIPULATION AND ORDER

#### FACTS

1. During all times herein, Dr. Stanislav Kruglikov ("Respondent") has been and now is subject to the jurisdiction of the Minnesota Board of Medical Practice ("Board") from which he holds a license to practice medicine and surgery in the State of Minnesota.
2. By Stipulation and Order for Indefinite Suspension dated May 3, 2003 ("2003 Order"), the Board indefinitely suspended Respondent's license to practice medicine based upon his history of chemical dependency and relapsing to alcohol usage while under monitoring by the Health Professionals Services Program ("HPSP"). The 2003 Order required Respondent to refrain from practice until submission of satisfactory evidence to the Board that he was fit and competent to resume the practice of medicine with reasonable skill and safety to patients.
3. By Stipulation and Order dated July 9, 2005 ("2005 Order"), the Board rescinded the 2003 Order and reinstated Respondent's license under conditions and restrictions that required, in part, that he abstain from alcohol and all mood-altering chemicals, attend self-help program meetings, and submit to unannounced biological fluid screens on a periodic basis.
4. By Stipulation and Order dated November 8, 2008 ("2008 Order"), Respondent was reprimanded following his relapse to alcohol usage in violation of his 2005 Order. Under the terms of the 2008 Order, Respondent was required, in part, to abstain from alcohol and all

mood-altering chemicals, attend self-help program meetings, and submit to unannounced biological fluid screens on a periodic basis.

5. By Stipulation and Order dated September 11, 2010 ("2010 Order"), Respondent was reprimanded following his use of chemicals in violation of his 2008 Order. Under the terms of the 2010 Order, Respondent's license was suspended, but the suspension was stayed contingent upon Respondent's compliance with terms and conditions which required, in part, that Respondent abstain from alcohol and all mood-altering chemicals, obtain a primary care treating physician to monitor and/or manage all medical or other care provided to Respondent by all health professionals and submit quarterly reports to the Board, attend self-help program meetings at least three times per week, limit his practice to no more than 42 hours per week, and submit to unannounced biological fluid screens at least 18 times per quarter.

6. By Committee Order dated May 23, 2011, Respondent's attendance at required self-help program meetings was reduced from three to two meetings per week, and the minimum number of required biological fluid screens was decreased from 18 to 12 screens per quarter.

7. By Second Committee Order dated August 23, 2011, Respondent's maximum number of work hours was increased from 42 hours to 45 hours.

8. On January 3, 2013, Respondent submitted a written petition to the Board requesting a modification of his 2010 Order to decrease the frequency of the required reports from his primary care treating physician, decrease the required number of self-help program meetings each week, and decrease the minimum number of biological fluid screens each quarter.

9. The Complaint Review Committee, having convened on February 12, 2013, to review and consider the above-referenced matter, issues the following:

**ORDER**

10. IT IS HEREBY ORDERED that the frequency of reports from Respondent's primary care treating physician shall be decreased from quarterly to semi-annually, the minimum number of required self-help program meetings shall be decreased from two to one meeting per week, and the minimum number of required biological fluid screens shall be decreased from 12 to nine screens per quarter.

11. IT IS FURTHER ORDERED that the remainder of the terms and conditions of the Stipulation and Order of September 11, 2010, the Committee Order dated May 23, 2011, and the Second Committee Order dated August 23, 2011, shall remain in full force and effect.

12. IT IS FURTHER ORDERED that this Third Committee Order, amending the Board's Stipulation and Order of September 11, 2010, is hereby adopted and implemented on this 19<sup>th</sup> day of February, 2013.
