

notice of the statutes and regulations referenced therein. The following exhibits were offered by Petitioner and admitted into evidence: Exhibit 1, Affidavit of Kayci Hollingsworth with the Board as a deputy custodian of records, regarding the Respondent's license and address information; Exhibit 2, Certified records from the New York Department of Health State Board for Professional Medical Conduct, with the Order disciplining the Respondent's New York medical license; and Exhibit 3, Notice of Intent to Use Business Records Pursuant to Affidavit with attached Business Records Affidavit with twenty-one (21) pages of business records from the Board, with a certificate of service showing the Notice was mailed to the Respondent on December 31, 2024.

In reaching the decision stated in this Order, each member of the Board present at the hearing read and considered the Complaint, and the attachments thereto, filed with the Board on December 6, 2024. The Complaint alleged Respondent's license is subject to discipline pursuant to the provisions of sections 334.100.2(8) and 334.102.7(1)(b) RSMo. because the New York Department of Health State Board for Professional Medical Conduct entered a Determination and Order wherein June A. Mossop's New York medical license was suspended, reprimanded, censured, and assessed.

Being fully advised, the Board now enters its findings of fact, conclusions of law and disciplinary order as set forth below.

FINDINGS OF FACT

1. The Board is an agency of the State of Missouri; created and established pursuant to section 334.120, RSMo for the purpose of executing and enforcing the provisions of Chapter 334, RSMo.
2. June A. Mossop, M.D. ("Respondent") was licensed by the Board as a Physician and Surgeon, License Number 2019040275, which was first issued on October 18, 2019. Respondent's license lapsed on January 31, 2023.

3. Respondent was also licensed by the New York Department of Health State Board for Professional Medical Conduct ("New York Board") as a physician and surgeon, license number 202302.
4. On or about December 30, 2021, the New York Board entered a Determination and Order ("New York Order") wherein Respondent's New York medical license was suspended, reprimanded, censured, and assessed a fine.
5. The New York Order found that Respondent violated New York law by her willful, or was grossly negligent, failure to comply with substantial provisions of the federal, state, or local laws, rules, or regulations governing the practice of medicine, and committed professional misconduct by willfully making or filing a false report or failing to file a report required by law or by the department of health.
6. The Respondent failed to comply with the requirements of PHL Article 29-D §2995, which requires the New York State Department of Health to collect certain information from New York State licensed physicians in order to create individual profiles on licensees in a format to be made available to the public.
7. New York Public Health Law Article 29-D §2995-a(4) states, "In addition to such periodic reports and providing the same information, each physician shall update his or her profile information within the six months prior to the expiration date of such physician's registration period as a condition of registration renewal under article one hundred thirty-one of the education law."
8. The Respondent was registered for a period of two years from June 1, 2021, through May 31, 2023, but failed to update her physician profile since July 18, 2007, or within six months of the expiration of her last seven registration periods (2009, 2011, 2013, 2015, 2017, 2019, and 2021).
9. The New York Order entered by the New York Board constitutes final disciplinary action taken by another state's licensing authority against Respondent's right to practice as a

physician and is cause to discipline Respondent's license pursuant to sections 334.102.7(1)(b) and 334.100.2(8), RSMo.

10. The Board finds a Complaint was filed in this matter on December 6, 2024, and that the Complaint and the Notice of Institution of Disciplinary Case / Notice of Hearing was properly mailed to the Respondent on December 19, 2024, for the January 16, 2025, hearing, as required by sections 536.063 and 536.067, RSMo.
11. The Board finds a default decision, pursuant to sections 324.045 and 536.067 RSMo., is required in this matter because a contested case was correctly commenced, pursuant to section 536.063 RSMo., with the filing of the Complaint, a properly pleaded writing before the Board; notices were provided to Respondent pursuant to sections 536.067 and 536.070, RSMo.
12. The Board finds Respondent has submitted no response and has stated no defense to the allegations stated in the Complaint pending before the Board. The Board finds no evidence has been offered constituting good cause for Respondent's failure to respond.
13. The Board finds that the Respondent has not appeared at this proceeding and is in default.
14. The Board finds the discipline imposed herein is necessary to protect the public.

CONCLUSIONS OF LAW

15. The Board has jurisdiction to conduct a disciplinary hearing against Respondent pursuant to section 334.102.7(1), RSMo, which states:

334.102.7(1) The board may initiate a hearing before the board for discipline of any licensee's license or certificate upon receipt of one of the following:

(b) Evidence of final disciplinary action against the licensee's license, certification or registration issued by any other state, by any other agency or entity of this state or any other state or the United States or its territories, or any other country;

(2) The board shall provide the licensee not less than ten days notice of any hearing held pursuant to chapter 536.

(3) Upon a finding that cause exists to discipline a licensee's license the board may impose any discipline otherwise available when disciplining licensees of that same profession.

16. The Board has cause to impose discipline on Respondent's physician and surgeon's license pursuant to section 334.100.2(8), RSMo., which states:

334.100.2(8) Revocation, suspension, restriction, modification, limitation, reprimand, warning, censure, probation or other final disciplinary action against the holder of or applicant for a license or other right to practice any profession regulated by this chapter by another state, territory, federal agency or country, whether or not voluntarily agreed to by the licensee or applicant, including, but not limited to, the denial of licensure, surrender of the license, allowing the license to expire or lapse, or discontinuing or limiting the practice of medicine while subject to an investigation or while actually under investigation by any licensing authority, medical facility, branch of the Armed Forces of the United States of America, insurance company, court, agency of the state or federal government, or employer;

17. Upon the Board's finding that cause exists to discipline the Respondent's license, the Board considered the authorized disciplines for a physician and surgeon as found in section 334.100.4 RSMo., which states:

After the filing of such complaint before the administrative hearing commission, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the board may, singly or in combination, warn, censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed ten years, or may suspend the person's license, certificate or permit for a period not to exceed three years, or restrict or limit the person's license, certificate or permit for an indefinite period of time, or revoke the person's license, certificate, or permit, or administer a public or private reprimand, or deny the person's application for a license, or permanently withhold issuance of a license or require the person to submit to the care, counseling or treatment of physicians designated by the board at the expense of the individual to be examined, or require the person to attend such continuing educational courses and pass such examinations as the board may direct.

The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside.
