CLARK, CORYDON G., M.D.

9/22/1995

The Nevada State Board of Medical Examiners filed a formal complaint against Dr. Clark based on action taken against his California medical license.

2/10/1996

The Nevada State Board of Medical Examiners accepted the Stipulation for Settlement and Ordered that Dr. Clark's license to practice medicine in the state of Nevada be Revoked. The Revocation was stayed and he was placed on probation for 6 years with terms and conditions, concurrent with California.

Dr. Clark must provide the Nevada Board with complete written psychiatric evaluations on a periodic basis, he shall have a third party present while examining or treating patients under the age of 18 and shall have no physical contact with patients under the age of 18. Dr. Clark must take an additional 20 hours of approved CME for the first 3 years of probation. He must pay the investigative costs of \$1,000.00, must comply with all federal, state, and local laws, shall comply with the Board's surveillance program, and must appear in person for interviews with the Board's medical consultant. Dr. Clark is prohibited from supervising physician's assistants during the probation. The period of probation shall not run during the time Dr. Clark is residing or practicing out of the state of California or the state of Nevada.

7/08/2002

At its meeting on June 1, 2002, the Board approved the Petition for Termination of Probation of Dr. Clark, due to his successful completion of the terms and conditions of the 6-year probation placed upon his license in 1999.
