unless within thirty days of the effective date of this Consent Agreement, Dr. Axelson submits to the Board for its prior approval the name and curriculum vitae of an alternative supervising physician to whom Dr. Axelson shall submit the required urine specimens. In approving an individual to serve in this capacity, the Board will give preference to a physician who practices in the same locale as Dr. Axelson. Dr. Axelson and the supervising physician shall ensure that the urine specimens are obtained on a random basis and that the giving of the specimen is witnessed by a reliable person. In addition, the supervising physician shall assure that appropriate control over the specimen is maintained and shall immediately inform the Board of any positive screening results.

The Board expressly reserves the right to disapprove any person or entity proposed to serve as Dr. Axelson's designated supervising physician, or to withdraw approval of any person or entity previously approved to serve as Dr. Axelson's designated supervising physician, in the event that the Secretary and Supervising Member of the Board determine that any such supervising physician has demonstrated a lack of cooperation in providing information to the Board or for any other reason.

request of the Board shall result in a minimum of one year of actual license suspension.

Monitoring Physician

13. Before engaging in any medical practice, Dr. Axelson shall submit the name and curriculum vitae of a monitoring physician for prior written approval by the Secretary or Supervising Member of the Board. In approving an individual to serve in this capacity, the Secretary and Supervising Member will give preference to a physician who practices in the same locale as Dr. Axelson and who is engaged in the same or similar practice specialty.

The monitoring physician shall monitor Dr. Axelson and his medical practice, and shall review Dr. Axelson's patient charts. The chart review may be done on a random basis, with the frequency and number of charts reviewed to be determined by the Board.

Further, the monitoring physician shall provide the Board with reports on the monitoring of Dr. Axelson and his medical practice, and on the review of Dr. Axelson's patient charts. Dr. Axelson shall ensure that the reports are forwarded to the Board on a quarterly basis and are received in the Board's offices no later than the due date for Dr. Axelson's quarterly declaration.

In the event that the designated monitoring physician becomes unable or unwilling to serve in this capacity, Dr. Axelson must immediately so notify the Board in writing. In addition, Dr. Axelson shall make arrangements acceptable to the Board for another monitoring physician within thirty days after the previously designated monitoring physician becomes unable or unwilling to serve, unless otherwise determined by the Board. Furthermore, Dr. Axelson shall ensure that the previously designated monitoring physician also notifies the Board directly of his or her inability to continue to serve and the reasons therefore.

Psychiatric Treatment

14. Within thirty days of the effective date of this Consent Agreement, Dr. Axelson shall submit to the Board for its prior approval the name and qualifications of a psychiatrist of his choice, who has experience with professionals dealing with alcohol and other substances of abuse. Upon approval by the Board, Dr. Axelson shall undergo and continue psychiatric treatment, including individual psychotherapy, weekly for one year, after which the frequency of the psychiatric treatment is to be determined by his Board-approved treating psychiatrist or as otherwise directed by the Board. Dr. Axelson shall comply with his psychiatric treatment plan, including taking medications as prescribed and/or ordered. Dr. Axelson shall ensure that psychiatric reports are forwarded by his treating psychiatrist to the Board on a quarterly basis, or

The psychiatric reports shall contain information describing Dr. Axelson's current treatment plan and any changes that have been made to the treatment plan since the prior report; Dr. Axelson's compliance with his treatment plan; Dr. Axelson's mental status; Dr. Axelson's progress in treatment; and results of any laboratory studies that have been conducted since the prior report. Dr. Axelson shall ensure that his treating psychiatrist immediately notifies the Board of his failure to comply with his psychiatric treatment plan and/or any determination that Dr. Axelson is unable to practice due to his psychiatric disorder. It is Dr. Axelson's responsibility to ensure that quarterly reports are received in the Board's offices no later than the due date for Dr. Axelson's quarterly declaration.

The psychotherapy required as part of Dr. Axelson's psychiatric treatment pursuant to this paragraph may be delegated by Dr. Axelson's treating psychiatrist to an appropriately licensed mental health professional approved in advance by the Board, so long as Dr. Axelson's treating psychiatrist oversees/supervises such psychotherapy; includes information concerning Dr. Axelson's participation and progress in psychotherapy in his or her quarterly reports; and continues to meet personally with Dr. Axelson at least once every three months. Should the psychotherapy required pursuant to this provision be delegated to a licensed mental health professional, Dr. Axelson shall ensure that psychotherapy reports are forwarded by his treating licensed mental health professional to the Board on a quarterly basis, or as otherwise directed by the Board. The psychotherapy reports shall contain information describing Dr. Axelson's current treatment plan and any changes that have been made to the treatment plan since the prior report; Dr. Axelson's compliance with his treatment plan; Dr. Axelson's mental status; Dr. Axelson's progress in treatment; and results of any laboratory studies that have been conducted since the prior report. Dr. Axelson shall ensure that his treating licensed mental health professional immediately notifies the Board of his failure to comply with his psychotherapy treatment plan and/or any determination that Dr. Axelson is unable to practice due to his psychiatric disorder. These psychotherapy reports shall be in addition to the reports submitted by Dr. Axelson's treating psychiatrist. It is Dr. Axelson's responsibility to ensure that all quarterly reports are received in the Board's offices no later than the due date for Dr. Axelson's quarterly declaration.

In the event that the designated treating psychiatrist becomes unable or unwilling to serve in this capacity, Dr. Axelson must immediately so notify the Board in writing. In addition, Dr. Axelson shall make arrangements acceptable to the Board for another treating psychiatrist within thirty days after the previously designated treating psychiatrist becomes unable or unwilling to serve, unless otherwise determined by the Board. Furthermore, Dr. Axelson shall ensure that the previously designated treating psychiatrist also notifies the Board directly of his or her inability to continue to serve and the reasons therefore.

Dr. Axelson shall provide authorization, through appropriate written consent forms, for disclosure of evaluative reports, summaries, and records, of whatever nature, by any and all parties that provide treatment or evaluation for Dr. Axelson's chemical dependency or related conditions, or for purposes of complying with this Consent Agreement, whether such treatment or evaluation occurred before or after the effective date of this Consent Agreement. The above-mentioned evaluative reports, summaries, and records are considered medical records for purposes of Section 149.43 of the Ohio Revised Code and are confidential pursuant to statute. Dr. Axelson further agrees to provide the Board written consent permitting any treatment provider from whom he obtains treatment to notify the Board in the event he fails to agree to or comply with any treatment contract or aftercare contract. BETWEEN
DAVID B. AXELSON, M.D.,
AND
THE STATE MEDICAL BOARD OF OHIO**

This Consent Agreement is entered into by and between David B. Axelson, M.D., [Dr. Axelson], and the State Medical Board of Ohio [Board], a state agency charged with enforcing Chapter 4731., Ohio Revised Code.

Dr. Axelson enters into this Consent Agreement being fully informed of his rights under Chapter 119., Ohio Revised Code, including the right to representation by counsel and the right to a formal adjudicative hearing on the issues considered herein.

BASIS FOR ACTION

This Consent Agreement is entered into on the basis of the following stipulations, admissions and understandings:

- A. The Board is empowered by Section 4731.22(B)(26), Ohio Revised Code, to limit, revoke, suspend a certificate, refuse to register or reinstate an applicant, or reprimand or place on probation the holder of a certificate for "impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice."
- B. The Board enters into this Consent Agreement in lieu of formal proceedings based upon the violation of Section 4731.22(B)(26), Ohio Revised Code, as set forth in Paragraphs E through G below, and expressly reserves the right to institute formal proceedings based upon any other violations of Chapter 4731. of the Revised Code, whether occurring before or after the effective date of this Agreement.

treatment provider in Columbus, Ohio, on or about July 31, 2006; that he is currently impaired in his ability to practice medicine and surgery according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice; and that he self-reported his relapse to the Board on or about August 3, 2006. Dr. Axelson attests that although this represents his second relapse on alcohol, it is his first relapse after receiving inpatient treatment during or about 1993, after which he maintained uninterrupted sobriety until his aforementioned relapse on or about April 14, 2006.

- F. Dr. Axelson further admits that in or about June 2006, during the time period when he had relapsed on alcohol, he had an argument with his wife that resulted in a Disorderly Conduct charge being filed against him, for which the court has granted him intervention in lieu of conviction with the charge to be dismissed upon the successful completion of treatment.
- G. Dr. Axelson further admits that on or about September 3, 1992, he entered into a Consent Agreement with the Board in lieu of formal proceedings based upon his violation of Section 4731.22(B)(26), Ohio Revised Code, granting him licensure subject to certain terms, conditions, and limitations, including that he abstain completely from the use of alcohol. Dr. Axelson further admits that in or about November 1992, he relapsed on alcohol in violation of the probationary conditions of said Consent Agreement, and that he thereafter entered Perspectives, a treatment center in New Jersey, on or about December 21, 1992, and was discharged, treatment complete, on or about March 16, 1993. Dr. Axelson further states that on or about September 10, 1993, the Board entered an Order which permanently revoked his certificate, stayed such revocation, and subjected his certificate to certain probationary terms, conditions, and limitations for a period of at least five years. Dr. Axelson further states, and the Board acknowledges, that he requested and was granted release from the terms of said Order by vote of the Board, effective on or about September 23, 1998.

The Matter of David B. Axelson, M.D., came on for hearing before me, R. Gregory Porter, Esq., Hearing Examiner for the State Medical Board of Ohio, on July 6, 1993.

INTRODUCTION AND SUMMARY OF EVIDENCE

I. Basis for Hearing

- A. By letter of March 10, 1993 (State's Exhibit #1), the State Medical Board notified David B. Axelson, M.D., that it proposed to take disciplinary action against his certificate to practice medicine and surgery in Ohio. On or about September 3, 1992, Dr. Axelson entered into a Consent Agreement with the State Medical Board of Ohio. Paragraph 6 of the Consent Agreement stated: "Dr. Axelson shall abstain completely from the use of alcohol." The Board alleged that Dr. Axelson violated his Consent Agreement by ingesting alcohol in December of 1992. Dr. Axelson's acts, conduct, and/or omissions were alleged to constitute "violation of the conditions of limitation placed by the Board upon a certificate to practice or violation of the conditions of limitation upon which a limited or temporary registration or certificate to practice is issued," as that clause is used in Section 4731.22(B)(15), Ohio Revised Code. Dr. Axelson was advised of his right to request a hearing in this Matter.
- B. By document filed with the State Medical Board on April 6, 1993 (State's Exhibit #2), Douglas E. Graff, Esq., requested a hearing on behalf of Dr. Axelson.

FINDINGS OF FACT

1. On or about September 3, 1992, David B. Axelson, M.D., entered into a Consent Agreement with the State Medical Board of Ohio, based upon certain stipulations, admissions, and understandings. Among these, Dr. Axelson admitted that on December 29, 1990 he was arrested for OMVI and was subsequently found guilty; that he was placed on probationary status in his psychiatry residency program on August 12, 1991, as a result of an incident of drinking alcohol during duty hours; that he is a recovering alcoholic and entered treatment at Riverside Methodist Hospitals Alcohol and Drug Dependency Services in August of 1991, where he was evaluated and referred to the Intensive Outpatient Program under the direction of Tom H. Pepper, M.D.

By the terms of this Consent Agreement, the Board agreed to grant a license to practice medicine and surgery in Ohio to Dr. Axelson, subject to various probationary terms, conditions, and limitations which are still in effect. Paragraph 6 of these probationary conditions states: "Dr. Axelson shall abstain completely from the use of alcohol."

These facts are established by State's Exhibit #9.

2. Dr. Axelson admittedly violated paragraph 6 of his Consent Agreement by relapsing to drinking alcohol in November, 1992. Dr. Axelson continued to consume alcohol upon occasion through December 15, 1992. A positive urine screen report confirmed his alcohol use.

93 AUG 11 AM 11:36

These facts are established by State's Exhibit #11 and the testimony of Dr. Axelson (Tr. at 45-47).

3. Dr. Axelson is a PGY-IV resident in psychiatry at Ohio State University Hospital. His anticipated graduation date is late November, 1993.

These facts are established by Respondent's Exhibit D, and the testimony of Dr. Axelson (Tr. at 36-37).

4. Dr. Axelson testified that his abuse of alcohol began when he was about ten years old, intensified during high school and college (when he also used marijuana and experimented with other drugs), and continued throughout medical school and residency. It culminated with an incident of intoxication during his duty hours at OSU Hospital, which led to an intervention by persons from his department. He was placed on probation in his residency. He enrolled in the outpatient chemical dependency treatment program at Riverside Methodist Hospitals. The program lasted about three months, and consisted of three sessions per week in the evening, each lasting three hours. In February, 1992, he entered into a contract with the Ohio Physicians Effectiveness Program (OPEP).

During the summer of 1992, Dr. Axelson was troubled by severe depression and low self-esteem which he said resulted from personal problems, such as the break-up of a long-term romantic relationship. He worried about his performance in his residency program; because he was already on probation, he was afraid of making a mistake or doing something inappropriate. Consequently, he took a leave of absence starting in November, 1992.

During this leave of absence, Dr. Axelson began feeling less depressed. He wanted to go out and socialize. He believed at that time he was capable of social drinking in a controlled fashion. He then stopped taking Antabuse and resumed drinking, although he said he was not drinking daily. In early December, a urine screen sample tested positive for alcohol. On December 16, 1992, an intervention coordinated by Dr. Pelham, took place on Dr. Axelson's behalf. Shortly thereafter, Dr. Axelson entered an intensive, inpatient treatment program at Perspectives, located in Hampton, Virginia.

These facts are established by State's Exhibits #10, #11, #12, and #13, the testimony of Dr. Axelson (Tr. at 37-48), and the testimony of Dr. Pelham (Tr. at 17).

5. Dr. Axelson stated that he has had problems with depression in the past. The 1992 episode was his third, and most severe. He is consulting a psychiatrist, and is currently taking antidepressant medication.

93 AUG 11 AM 11:34

These facts are established by State's Exhibits #12 and #13, and the testimony of Dr. Axelson (Tr. at 44-45, 58-59).

6. Richard O. Pelham, M.D., the Medical Director of OPEP, testified on behalf of Dr. Axelson. Dr. Pelham has been involved in Dr. Axelson's case since Dr. Axelson was referred to OPEP by Riverside in February, 1992. Dr. Pelham stated that Dr. Axelson willingly entered the program, and signed a contract that was substantially similar to the more recent April 5, 1993 contract (State's Exhibit #15), without the Antabuse and aftercare counseling requirements. Dr. Axelson's monitoring physician was, and remains, Dr. Jerome Driesen.

In Dr. Pelham's opinion, Dr. Axelson's earlier treatment program did not give Dr. Axelson the necessary tools for recovery; he was still having trouble accepting that he was powerless over alcohol. Although Dr. Axelson complied with the OPEP contract for a while, he lacked enthusiasm for the program. After Dr. Axelson took leave of absence from his residency, Drs. Pelham and Driesen, along with Dr. Axelson's AA sponsor, decided that an intervention was necessary. Dr. Pelham said the intervention was planned before the positive urine screen was received, and would have taken place even if Dr. Axelson hadn't actually resumed drinking. Dr. Axelson entered Perspectives on December 21, 1992. An initial assessment indicated the need for extended treatment. Dr. Axelson completed the program at Perspectives, and was released on March 16, 1993.

Dr. Pelham testified that Perspectives is designed to meet the needs of health professionals, and that Dr. Axelson received much more thorough and intensive treatment than he had received previously. Following his release, Dr. Axelson entered into the new advocacy contract with OPEP (State's Exhibit #15). Dr. Pelham reported a marked change in Dr. Axelson's attitude toward his recovery since his return. Rather than being merely compliant, he is enthusiastic about his recovery, and now appears to possess the skills necessary to maintain his recovery. He is currently in full compliance with his contract.

Dr. Pelham indicated that Dr. Axelson's November, 1992 relapse may have been a therapeutic slip--one of brief duration that can rejuvenate a stalled recovery program. It can make the person realize that they are powerless over alcohol, and thus intensify the recovery efforts.

These facts are established by State's Exhibits #10, #12, #13, and #15, by Respondent's Exhibit C, and by the testimony of Dr. Pelham (Tr. at 15-34).

93 AUG 11 AM 11:34

7. Dr. Axelson agreed that the program at Perspectives was more intensive than his previous treatment program. He stated that he now feels better about his recovery, and about himself. He believed that he has a good support network in place. He married shortly after his release from treatment, and his wife is aware of his problem, and supportive. Dr. Axelson sees his OPEP monitor weekly, takes Antabuse daily, is involved with counseling at the Riverside Aftercare Program, submits random urines weekly, and attends AA or Caduceus meetings four or five times per week. He actively participates in these meetings. He believes that he can deal with future urges to drink alcohol in an appropriate manner, utilizing the support network and the skills that he has developed. He is considering pursuing a fellowship in addiction medicine.

These facts are established by the testimony of Dr. Axelson (Tr. at 49-58).

CONCLUSIONS

The acts, conduct, and/or omissions of David B. Axelson, M.D., as set forth in Finding of Fact #2, above, constitute "violation of the conditions of limitation placed by the Board upon a certificate to practice or violation of the conditions of limitation upon which a limited or temporary registration or certificate to practice is issued," as that clause is used in Section 4731.22(B)(15), Ohio Revised Code.

* * * * *

Dr. Axelson is an impaired physician with a history of alcoholism, exacerbated by recurrent bouts of depression. The Board was aware of his difficulties with alcohol when his license was issued in September, 1992, and granted him the privilege to practice in this State under conditions and limitations that were intended to protect both Dr. Axelson and the public. Violations of these conditions cannot be overlooked. Dr. Axelson's consumption of alcohol in late 1992 violated both the terms of his Consent Agreement and the trust of the Board.

In mitigation, the Board may wish to consider that, after his relapse, Dr. Axelson voluntarily entered into treatment that was considerably more intensive than his previous program. He is now making a serious effort to maintain his recovery. Further, Dr. Axelson's current residency program would seem to provide sufficient structure and supervision to assure the safety of his continued practice. This may justify the Board giving him another chance, with the understanding that no future violations will be tolerated.

Pursuant to Chapter 119., Ohio Revised Code, you are hereby advised that you are entitled to a hearing in this matter. If you wish to request such hearing, the request must be made in writing and must be received in the offices of the State Medical Board within thirty (30) days of the time of mailing of this notice.

In the event that there is no request for such hearing received within thirty (30) days of the time of mailing of this notice, the State Medical Board may, in your absence and upon consideration of this matter, determine whether or not to limit, revoke, suspend, refuse to register or reinstate your certificate to practice medicine and surgery or to reprimand or place you on probation.
