5. **Continuing Medical Education** – Respondent shall document completion of five (5) hours of Continuing Medical Education (CME) in boundaries within one (1) year from the date the Final Order is filed.

6. **Continuing Medical Education – "Risk Management"** – Respondent shall complete this requirement and document such completion within one (1) year from the date the Final Order is filed. **Respondent shall satisfy this requirement in one of the two following ways:**

(a) Respondent shall complete five (5) hours of CME in "Risk Management" after first obtaining written advance approval from the Board's Probation Committee of such proposed course, and shall submit documentation of such completion, in the form of certified copies of the receipts, vouchers, certificates, or other official proof of completion, to the Board's Probation Committee; or

(b) Respondent shall complete (5) five hours of CME in risk management by attending one full day or eight (8) hours, whichever is more, of disciplinary hearings at a regular meeting of the Board of Medicine. In order to receive such credit, Respondent must sign in with the Executive Director of the Board before the meeting day begins, Respondent must remain in continuous attendance during the full day or eight (8) hours of disciplinary hearings, whichever is more, and Respondent must sign out with the Executive Director of the Board at the end of the meeting day or at such other earlier time as affirmatively authorized by the Board. Respondent may not receive CME credit in risk management for attending the disciplinary hearings portion of a Board meeting unless the Respondent is attending the disciplinary hearings portion for the **sole** purpose of obtaining the CME credit in risk management. In other words, Respondent may not receive such credit if appearing at the Board meeting for any other purpose, such as pending action against Respondent's medical license.

7. **Restriction on Prescribing/Ordering Schedule I and Schedule II Controlled Substances** – Respondent is restricted from prescribing, ordering, and/or delegating the prescribing or ordering of, any substances listed in Schedules I-II, as defined in section 893.03, Florida Statutes (2020), and may from time-to-time be

redefined in Florida Statutes and/or the Florida Administrative Code. This restriction will remain in effect unless and until it is lifted or modified by the Board of Medicine upon a petition filed by Respondent. In the review of such a petition Respondent shall have the burden of proof to establish to the satisfaction of the Board, in its sole discretion, that Respondent can safely prescribe or order such substances. Any decision of the Board on such a petition shall not be subject to appeal or review.

8. **Probation Language** – Effective on the date of the filing of the Final Order, Respondent's license to practice medicine shall be placed on probation for a period of one (1) year. The purpose of probation is not to prevent Respondent from practicing medicine. Rather, probation is a supervised educational experience designed by the Board to make Respondent aware of certain obligations to Respondent's patients and the profession and to ensure Respondent's continued compliance with the high standards of the profession through interaction with another physician in the appropriate field of expertise. To this end, during the period of probation, Respondent shall comply with the obligations and restrictions set forth in this Paragraph.

(a) **Indirect Supervision** – Respondent shall practice only under the indirect supervision of a Board-approved physician, hereinafter referred to as the "Monitor," whose responsibilities are set by the Board. Indirect supervision does not require that the Monitor practice on the same premises as Respondent; however, the Monitor shall practice within a reasonable geographic proximity to Respondent, which shall be within 20 miles unless otherwise provided by the Board, and shall be readily available for consultation. The Monitor shall be Board Certified, and actively engaged, in

Respondent's specialty area unless otherwise provided by the Board. Respondent shall allow the Monitor access to Respondent's medical records, calendar, patient logs or other documents necessary for the Monitor to perform the duties set forth in this Paragraph.

(b) Restriction – Respondent shall not practice medicine without an approved Monitor, as specified in this Agreement, unless otherwise ordered by the Board.

(c) Eligibility of Monitor – The Monitor must be a licensee under chapter 458, Florida Statutes, in good standing and without restriction or limitation on his/her license. In addition, the Board may reject any proposed Monitor on the basis that he/she has previously been subject to any disciplinary action against his/her medical license in this or any other jurisdiction, is currently under investigation, or is the subject of a pending disciplinary action. The Board may also reject any proposed Monitor for good cause shown.

(d) Temporary Approval Of Monitor – The Board confers authority on the Chairman of the Probation Committee to temporarily approve Respondent's Monitor. To obtain temporary approval, Respondent shall submit to the Chairman of the Probation Committee the name and curriculum vitae of the proposed monitor at the time this agreement is considered by the Board. **Once a Final Order adopting the Agreement is filed, Respondent shall not practice medicine without an approved Monitor. Temporary approval shall only remain in effect until the next meeting of the Probation Committee.**

(e) Formal Approval Of Monitor – Prior to the consideration of the Monitor by the Probation Committee, Respondent shall provide a copy of the

Administrative Complaint and Final Order in this case to the Monitor. Respondent shall submit a copy of the proposed Monitor's current curriculum vita and a description of his/her current practice to the Board office no later than fourteen (14) days before Respondent's first scheduled probation appearance. Respondent shall ensure that the Monitor is present with Respondent at Respondent's first appearance before the Probation Committee. **It shall be Respondent's responsibility to ensure the appearance of the Monitor as directed.** If the Monitor fails to appear as required, this shall constitute a violation of this Settlement Agreement and shall subject Respondent to disciplinary action.

(f) Change In Monitor – In the event that the Monitor is unable or unwilling to fulfill the responsibilities of a Monitor as described above, Respondent shall immediately advise the Probation Committee of this fact and submit the name of a temporary Monitor for consideration. **Respondent shall not practice pending approval of the temporary Monitor by the Chairman of the Probation Committee.** Furthermore, Respondent shall make arrangements with her temporary Monitor to appear before the Probation Committee at its next regularly scheduled meeting. Respondent shall only practice under the auspices of the temporary Monitor (after approval by the Chairman) until the next regularly scheduled meeting of the Probation Committee at which the formal approval of Respondent's new Monitor shall be addressed.

(g) Responsibilities of Respondent – In addition to the other responsibilities set forth in this Agreement, Respondent shall be solely responsible for ensuring that:

(1) The Monitor submits tri-annual reports as required by this Agreement or directed by the Board;

(2) Respondent submits tri-annual reports as required by this Agreement or directed by the Board;

(3) The Monitor appears before the Probation Committee as required by this Agreement or directed by the Board; and

(4) Respondent appears before the Probation Committee as required by this Agreement or directed by the Board.

(5) Respondent shall pay all costs associated with probation.

Respondent understands and agrees that if either the approved Monitor or Respondent fails to appear before the Probation Committee as required, Respondent shall immediately cease practicing medicine until such time as both the approved Monitor (or approved alternate) and Respondent appear before the Probation Committee.

(h) Responsibilities of the Monitor – The Monitor shall:

(1) Review **all** of Respondent's patient records for patients treated with controlled substances. In this regard, Respondent shall maintain a log documenting all such patients.

(2) Submit reports to the Probation Committee on a tri-annual basis, in affidavit form, which shall include:

- a. A brief statement of why Respondent is on probation;
- b. A description of Respondent's practice (type and composition);
- c. A statement addressing Respondent's compliance with the terms of probation;
- d. A brief description of the Monitor's relationship with Respondent;
- e. A statement advising the Probation Committee of any problems that have arisen; and
- f. A summary of the dates the Monitor went to Respondent's office, the number of records reviewed, and the overall quality of the records reviewed.

(3) Report immediately to the Board any violations by Respondent of chapters 456 or 458, Florida Statutes, and the rules promulgated thereto.

(1) Respondent's Required Appearance Before Probation Committee --

Respondent shall appear before the Probation Committee at the **first** meeting of said Committee following commencement of the probation, at the **last** meeting of the Committee preceding scheduled termination of the probation, **and** at such other times as directed by the Committee. Respondent shall be noticed by the Board staff of the date, time and place of the Committee meeting at which Respondent's appearance is required. **Failure of Respondent to appear as directed, and/or failure of Respondent to comply with any of the terms of this Agreement, shall be considered a violation**

of the terms of this Agreement, and shall subject Respondent to disciplinary action.

(j) Monitor's Required Appearance – Respondent's Monitor shall appear before the Probation Committee at the first meeting of said Committee following commencement of the probation, and at such other times as directed by the Committee. It shall be Respondent's responsibility to ensure the appearance of Respondent's monitor to appear as directed. **If the approved Monitor fails to appear as directed by the Probation Committee, Respondent shall immediately cease practicing medicine until such time as the approved Monitor or alternate approved monitor appears before the Probation Committee.**

(k) Reporting by Respondent – Respondent shall submit tri-annual reports, in affidavit form, the contents of which may be further specified by the Board, but which shall include:

- (1) A brief statement of why Respondent is on probation;
- (2) A description of practice location;
- (3) A description of current practice (type and composition);
- (4) A brief statement of compliance with probationary terms;
- (5) A description of the relationship with the Monitor;
- (6) A statement advising the Board of any problems that have

arisen; and

- (7) A statement addressing compliance with any restrictions or requirements imposed.

(l) Tolling Provisions – In the event Respondent physically leaves the State of Florida for a period of thirty (30) days or more or otherwise does not engage in the active practice of medicine in the State of Florida, then certain provisions of Respondent's probation (and only those provisions of the probation) shall be tolled as enumerated below and shall remain in a tolled status until Respondent returns to active practice in the State of Florida:

- (1) The time period of probation shall be tolled;
- (2) The provisions regarding direct and indirect supervision and required reports from the monitor shall be tolled;
- (3) The provisions regarding preparation of investigative reports detailing compliance with this Settlement Agreement shall be tolled; and
- (4) Any provisions regarding community service shall be tolled.

(m) Active Practice – In the event that Respondent leaves the active practice of medicine for a period of one year or more, the Board may require Respondent to appear before the Board and demonstrate his ability to practice medicine with skill and safety to patients prior to resuming the practice of medicine in this State.
