

LICENSE NO. G-0624

IN THE MATTER OF
THE LICENSE OF
MALATHI VIJAY KOLI, M.D.

BEFORE THE
TEXAS MEDICAL BOARD

AGREED ORDER

On the 3th day of December, 2006, came on to be heard before the Texas Medical Board (the "Board"), duly in session, the matter of the license of Malathi Vijay Koli, M.D. ("Respondent").

On May 8, 2006, Respondent appeared in person, with counsel Blaine A. Holbrook, at an Informal Show Compliance Proceeding and Settlement Conference in response to a letter of invitation from the staff of the Board. Roger Calhoun represented Board staff. The Board's representatives were Elvira Pascua-Lim, M.D. and Patricia Blackwell, members of the Board.

Upon the recommendation of the Board's representatives and with the consent of Respondent, the Board makes the following Findings of Fact and Conclusions of Law and enters this Agreed Order.

FINDINGS OF FACT

The Board finds that:

1. Respondent received all notice required by law. All jurisdictional requirements have been satisfied. Respondent waives any defect in notice and any further right to notice or hearing under the Medical Practice Act, Title 3, Subtitle B, Texas Occupations Code (the "Act") or the Rules of the Board.
2. Respondent currently holds Texas Medical License No. G-0624. Respondent was originally issued this license to practice medicine in Texas on June 15, 1981. Respondent is not licensed to practice in any other state.
3. Respondent is primarily engaged in the practice of adult and geriatric psychiatry. Respondent is board certified in this specialty by the American Board of Psychiatry.
4. Respondent is 61 years of age.
5. Respondent has not previously been the subject of disciplinary action by the Board.

6. Board staff alleged Respondent failed to meet the standard of care in the care and treatment of patient J.H.

7. Patient J.H. was admitted to an inpatient psychiatric unit on August 30, 2004. Respondent was the attending psychiatrist. The diagnosis was major depression, history of questionable hypertension, and anemia.

8. On August 30th Respondent ordered Effexor, Ativan, and Restaril and on the 31st she added Depakote.

9. On August 31st Respondent modified the diagnosis to major depression, recurrent, and rule out bipolar disorder.

10. On September 7th Provigil and Lamictal were added to J.H.'s medications.

11. On September 10th Depakote was discontinued due to significant sedation and ReVia was started. Respondent noted mental status changes and requested a consultation with another physician. Trileptal was added to J.H.'s medications.

12. On September 13th J.H. was improved and was discharged to the hospital's partial program.

13. On September 16th J.H. was hospitalized at another hospital with a diagnosis of change in mental status, hypertensive emergency, and depression.

14. Medications were added and doses were increased in a manner that was not clearly indicated in the chart. Respondent's notes do not clearly explain the reasons for the many medication changes. The rapid imposition of polypharmacy created the possibility for drug interactions or for a delirium.

15. Respondent has cooperated in the investigation of the allegations related to this Agreed Order. Respondent's cooperation, through consent to this Agreed Order, pursuant to the provisions of Section 164.002 the Act, will save money and resources for the State of Texas. To avoid further investigation, hearings, and the expense and inconvenience of litigation, Respondent agrees to the entry of this Agreed Order and to comply with its terms and conditions.

CONCLUSIONS OF LAW

Based on the above Findings of Fact, the Board concludes that:

1. The Board has jurisdiction over the subject matter and Respondent pursuant to the Act.

2. Section 164.051(a)(6) of the Act authorizes the Board to take disciplinary action against Respondent based on Respondent's failure to practice medicine in an acceptable professional manner consistent with public health and welfare.

3. Section 164.001 of the Act authorizes the Board to impose a range of disciplinary actions against a person for violation of the Act or a Board rule. Such sanctions include: revocation, suspension, probation, public reprimand, limitation or restriction on practice, counseling or treatment, required educational or counseling programs, monitored practice, public service, and an administrative penalty.

4. Section 164.002(a) of the Act authorizes the Board to resolve and make a disposition of this matter through an Agreed Order.

5. Section 164.002(d) of the Act provides that this Agreed Order is a settlement agreement under the Texas Rules of Evidence for purposes of civil litigation.
